PERISH BY FIRE IN INTAKE CRIB

Lake Michigan Just Off of Chicago Scene of Another Horrible Catastrophe to Laborers

AT LEAST FORTY HAD NO CHANCE FOR LIFE

Chicago, Jan. 20.—Two score men lost their lives today in a fire which destroyed the intermediate crib, one and a half miles from shore in Lake Michigan. Forty-seven, suffering from burns, cuts, of immersion in the icy waters into which they jumped to save their lives, were rescued. This statement of casualties was made by George W. Jackson, whose firm was constructing the intake tunnel under the lake and of which the crib served as a base of operations.

The dead are supposed to be imprisoned in the tunnel under the crib. Death might have come either from fire, smoke, an explosion of dynamite stored there or the shutting off of the air pipes. In the tunnel men worked under air pressure. Little hope was expressed that any of them escaped, although this cannot be known until the wreckage blocking the entrance to the bore is removed.

At 1:30 p. m. a telephone message to Fire Marshal Horan stated that twenty bodies had been recovered from the ill-fated crib and that a number estimated at an additional twenty could be seen scattered among the wreckage in the shaft leading from the crib down to the tunnel proper.

Fire tugs extinguished the flames and an attempt to enter the tunnel was begun.

The crib is one that was established by the George W. Jackson company, Inc., and is a mile distant from the shore and connected with the shore by an aerial tramway. Early reports stated that nearly sixty men were working in the crib when the fire broke out.

Taken on Board Tug.

The tug T. T. Morford in charge of Captain Johnson, was stationed at the crib and some of the workmen, many of whom were suffering from burns, were taken on board the tug and brought to the city. The fire boat Conway was at once sent to the scene from South Chicago.

John Wampole, one of those rescued by the tug, stated that probably twenty, and possibly thirty-five men, lost their lives in the fire or in the icy waters of the lake.

It was possible, he said, that there were fifteen men working in the tunnel who might have escaped, although their lives, if in the tunnel, would be endangered by smoke.

Wampole stated that a few might have escaped into the tunnel where others were working, but he declared it almost certain that in this event they would die of suffocation or an explosion of dynamite which was stored in the bore.

All the Elements of Melodrama.

The fire lacked none of the elements of a melodrama. Sixty men, twenty of them at work in the tunnel under the crib; a few moving about the structure, and others asleep in their bunks, were suddenly confronted by death by an explosion of a powder magazine which immediately wrapped the wooden structure in flames. Those who were not killed or injured by the first fiery blasts rushed out of doors to find no means of escape. On every side were the waters of lake Michigan, its surface almost covered by great cakes of broken ice. A mile and a half distant near the shore at Seventy-third street lay their only hope, the tug Morford. It could be dimly seen through the haze of fog and smoke.

On the shore a dim black line indicated the gathering of crowds attracted by the flames. At the shore office the last word received from the crib was tragic in its incompleteness.

Wire Broke—No More Was Heard.

"The crib is on fire. For God's sake send help at once or we will be burned alive. The tug——"

The telephone wire broke and the men on shore heard no more.

Captain Edward Johnson, of the tug had already hoisted anchor and the sturdy little craft was already bucking the ice. The firemen in the hold worked desperately, getting up a full head of steam. From the deck of the boat the crib could be dimly seen. Black spots appeared and then disappeared into the waters below. Some of the imprisoned men were seeking to scape by swimming. Some of them were seen to cling to cakes of ice for a time and then to disappear.

Only Temporary Structure.

The crib is a temporary structure erected in the construction of a new three mile tunnel into the lake for the ultimate purpose of adding to Chicago's water supply. The first section of the tunnel is being dug from the shore at Seventy-third street. The crib marked the beginning of the second section extending further into the lake. It was used as headquarters for supplies and men of the second section. The wooden material used in the crib made it an easy prey of the fire. Powder and dynamite used in blasting were both stored there. Ordinarily from sixty to seventy-five men were employed. They worked in shifts of eight hours each, eating on the premises and sleeping in the bunks with which the place was provided. A suspended tramway connected the crib with the shore. Immense buckets suspended from heavy wire cables and worked by machinery carried supplies to the place. When the fire was first discovered an attempt was made by few daring spirits to reach the crib in the buckets, but the motive mechanism failed to work and the attempt was abandoned.

Frightful Scene Met Gaze.

When Captain Johnson, after what seemed to him an interminable trip, reached his goal, a frightful scene met his eyes. Frantic victims of the fire, their hair singed off, and their skins blackened, were struggling in the water and ice. Some of them fought against their rescuers, only to sink unconscious on deck when forced aboard the tug. When every body in sight had been taken aboard, a second muffled explosion was heard, probably marking the snuffing out of more lives in the tunnel under the crib.

"When I neared the crib," said Captain Johnson, "I saw a number of men their clothing ablaze, run out of the blazing structure and jump into the lake. Others rapidly twisted ropes about anything they could find and jumped into the water to prevent being drowned. Others used boxes and pieces of timber as life preservers.

Began Work of Rescue.

"When we got within fifty feet of the crib I slowed down the engine and we began throwing out ropes and life belts to the men in the water. Some of the men fought us and others were so cold and stiff from their icy baths

TRAMP FIRES STONE THROUGH SALOON WINDOW

Saloon Keeper McDonald Gives Chase and Licks the Fellow.

Charles J. McDonald, proprietor of a saloon at 1610 South Calhoun street, pursued and assaulted a tramp whom he had ejected from his place this morning and who retaliated by throwing a stone through the big plate glass in the front window of the establishment. The police were notified and arrested the tramp, who refused to give any name, but McDonald was not molested.

The fellow denied that he was the man who threw the stone and said that two men engaged in the fight in front of the saloon ran past him and the officers did not see them and picked him up. A cut on the side of his face and several bruises about the head convinced the police, however, that they had the man wanted.

He would say nothing about the matter, evidently hoping that he would not be identified as the fellow who threw the stone and broke the glass. McDonald told the police that the man was one of five who were in his saloon last night. They made a practice of going out and begging enough money to buy a round of drinks and then calling for more than they could pay for.

He said he ejected them then and told them not to come back. When they came in this morning, according to McDonald, they refused to get out and he threw one out. Then the stone was fired. He ran out and caught his man at the railroad crossing and continued to pound him until he reached Baker street. The man was bruised up, but not seriously hurt.

SHIVELY CHOSEN FOR THE SENATE

On Joint Ballot Indiana Legislature Gives Him a Majority.

HEMENWAY GIVEN REPUBLICAN VOTE

In Brief Address Senator Shively Expresses His Appreciation.

Indianapolis, Ind., Jan. 20.—Benjamin F. Shively, of South Bend, was formally elected United States senator by the state legislature on joint ballot at noon today. The vote stood 83 to 67, representing the democratic and republican votes, respectively.

The house chamber was thronged with visitors when members of the senate came to the hall of the house of representatives to cast their votes. Lieut. Governor Hall presided over the joint session. Record of yesterday's senate proceedings in which James E. Henenway received a majority of the votes, was read by the principal clerk of the senate. The clerk of the house read the journal recording the proceedings of the representatives who yesterday elected Mr. Shively.

Roll Call is Ordered.

Neither candidate having received a majority of the vote cast in both houses, Lieutenant Governor Hall ordered a roll call of both senators and representatives.

When the votes were counted showing the election of Mr. Shively there was prolonged applause from both democratic and republican sides of the house.

On motion of Senator Bingham, of St. Joseph county, Lieutenant Governor Hall appointed a committee of seven to notify Mr. Shively of his election and to invite him and Governor Marshall to the house chamber.

Senators Bingham, Powers and Wood and Representatives Harris, Sweeney, Miller and Williams were appointed to this committee.

For some time after Mr. Shively and the governor had entered the chamber Lieutenant Governor Hall was unable to introduce Mr. Shively because of the cheering. Mr. Shively upon being introduced made a brief address.

Senator Shively's Speech.

Senator Shively, in his speech before the legislature spoke in part as follows:

"Permit me to tender to you, and through you to your constituent, my grateful thanks for the honor your generous partiality has just conferred.

"On entering the high council of the nation to which your suffrage calls me, I cannot be unmindful of the difficulties to be encountered. The heraldry of our state holds on the old rosters of the United States senate a long list of distinguished and venerated names. These men conferred high dignity upon our state and reflected the lustre of their genius over the whole country. The memory of their fidelity to public duty and singularly useful public service comes across the years laden with high inspiration to devoted effort.

"The great body of the questions which come before the senate is nonpartisan in character. On these I trust my conduct may merit the approbation of the people of this commonwealth, regardless of party. On questions of distinctive party principle, if I may not command the approval of my opponents, I hope to engage their respect and confidence. In any event, though our partisan differences may be many as the waves, our affection for the state of Indiana, our attachment to the union of the states, and our ambition for the high destiny of the republic shall be one as the ocean."

Governor Marshall Speaks.

Mr. Shively was followed by Governor Marshall, who spoke briefly, speaking of the realization of his desire to see a democrat in the upper house of congress.

The joint session was then declared adjourned.

Mr. Shively and his wife were stationed at the entrance to the north lobby of the house as the crowd departed and received congratulations from the representatives and senators as they filed from the chamber.

Neither senate nor house was in session this afternoon.

THEIR WAGES INCREASED.

According to the new ruling made the first of the year by the officials of the Home Telephone company, the exchange girls who manipulate the Home telephones received an increase today in their month's wages, as since the first of the year extra time is being allowed for Sunday work. Seventy-five girls are thus benefited, the increase ranging from $1.60 to $3.20 per month.

BOARD ILLEGAL SAYS GOVERNOR

No Warrant for State Railway Commission Holding Appointment.

ANNUAL REPORT IS BEING WITHHELD

Legislature Holds Short Sessions and Bills are Reported.

Indianapolis, Ind., Jan. 20.—Because, in Governor Marshall's opinion, the three members of the railroad commission are serving under commissions which are illegal, their annual report is being held up indefinitely. The question was raised at the meeting of the state printing board this week when the commission's plea to be permitted to publish 1,500 more copies of the report than were published last year, came up for action. Because the governor objected and asked that the board delay any action until it is seen what the legislature will do concerning the commission the publishing will not be done until after the legislature adjourns, if then.

Governor Marshall objected to printing the report at all on the grounds that in his opinion the commission was illegal in that the members were serving under commissions issued according to the act of 1905, which created the commission, while, in his opinion, the act of 1905 was repealed by an amendment passed in the 1907 session. If the amendment did not repeal the act of 1905, then, according to the governor, the acts performed by the commission under the amendment were illegal and the report of the last year's work should not be published.

THE DAY IN THE LEGISLATURE.

Indianapolis, Jan. 20.—Before the election of a United States senator at noon today both houses of the state legislature were in session, the senate receiving several bills and committee reports. During the short session of the house committee reports, among

ILLINOIS SOLONS FAST IN DEADLOCK

Five Joint Ballots for a Senator Results in No Decision.

HOPKINS FAILS TO PULL OVER ENOUGH

Adjournment is Taken With Contest Still Up in the Air.

Springfield, Ill., Jan. 20.—The joint session of the house and senate for the election of a United States senator adjourned at 1:45 o'clock today in a deadlock after five indecisive ballots had been taken. In the several ballots there was little fluctuation from the first ballot which gave to Senator Hopkins 89 votes out of 198 members of the general assembly present.

The adjournment of the joint session was taken until tomorrow noon.

All of the members hurried to the state house this morning to dispose of preliminaries, which preceded the joint ballot for the election of a senator.

The legislators were urged on by a host of eager aides of the several candidates and the first joint ballot was expected at noon. Possibilities of a shifting of the democratic vote to one or another of the republican tentative candidates was whispered, but was discounted by the leaders of the democracy, who asserted that there would be no desertion of the colors of Lawrence B. Stringer, their chosen candidate. The friends of Senator Hopkins are hoping for a speedy settlement of the contest with the election of their candidate.

The name of Speaker Shurtleff is often on the lips of those who seek a candidate who can defeat the senator from Kane county.

Governor Deneen, who has repeatedly refused to permit his name to enter into the list of candidates, is rumored as one on whom the opposition to Senator Hopkins could unite.

It was expected that the joint session might continue for several ballots today, but under the law it must be repeated on each succeeding legislative day until a senator is elected.

NEW WITNESS HELD IN MURDER CASE

Fred Welsh, of Toledo, One of Supper Party Before the Slaughter.

HIS TESTIMONY IS KEPT SECRET

Released Under Bond After Coroner Hears Story—Later Details.

Coroner A. J. Kesler began this afternoon taking the testimony of John Welsh, a Toledo saloonkeeper who was the third man in the party that took supper in the rooms above the Scott saloon just prior to the killing of Walter Thornton Monday night and from the fact that Prosecutor Thomas stated that he would not make Welsh's testimony public it is probable that a new link in the evidence has been secured.

Welsh was the only man who heard the conversation that took place immediately before the fight opened and he will be an important witness, as his testimony may indicate that a quarrel started before the three men came down from supper in Scott's rooms.

Welsh was found by the police at 417 St. Martin's street after his wife had been induced to come here from Toledo. He had been stopping with his sister there and was easily located and taken into custody. His bond was fixed at $500 and he will have little trouble furnishing it, as he has a number of relatives here who will secure his release as soon as he is through with the testimony before the coroner.

Allowed No One to See Him.

Chief of Police Ankenbruck had Welsh locked up at police headquarters and gave strict instructions that he should not be talked to and this was followed out. This morning he had a talk with the chief and Prosecutor Thomas and both afterward announced that they would not make public anything he said.

There are two constructions placed upon this. Either bad blood was engendered by something that occurred in connection with the women upstairs that supplied a motive for the crime or Welsh saw something done or heard something said in the saloon that will combat the self-defense that the Scott attorneys will probably be forced to pursue.

The state is up against the proposition of building up a case against Scott with the testimony of a number of people who are his friends and for that reason Prosecutor Thomas stated that he had to proceed carefully and avoid making public some facts that he thinks in the interest of the state should be kept secret.

Is Not Sensational.

Mr. Thomas stated, however, that there is nothing sensational about Welsh's statement. The only link left to be supplied after Kenneth Swift had given his testimony touched upon

TESTIMONY TAKEN IN PANAMA LIBEL

Revelation as to Defendant Made in New York End of Case.

Washington, Jan. 20.—Following the session today of the federal grand jury, which is inquiring into the facts in connection with the alleged libels of the New York World and the Indianapolis News against Charles P. Taft, William Nelson Cromwell and Douglas Robinson, District Attorney Baker held an extended conference with his assistants regarding the further steps to be taken. There remain a number of witnesses whom the government desires to call, but as to their identity none at the district attorney's office would vouch for anyone.

William Nelson Cromwell has not appeared before the grand jury, although it is known he has been in frequent conferences at his hotel with members of the district attorney's staff. The advisability of sending to New York for Charles Williams Thompson, former head of the Washington bureau of the World, is still under consideration.

The testimony today was confined to six witnesses from Indianapolis, four from the staff of the News, the other two being the auditor and assessor of Indianapolis.

The fact that the News was a private partnership and not a corporation and that the paper owned property in Indianapolis was established, as was also the employment of those who came here from the paper.

The hearing will be continued tomorrow.

The usual crowds assembled in the vicinity of the grand jury room in order to obtain a view of the leading figures in the now famous inquisition.

District Attorney Baker and his assistants, Messrs. McNamara and Proctor, were early in their offices wading through a mass of documents bearing on the case.

NEW MOVE BY GOVERNMENT.

New York, Jan. 20.—A new move by the government was made today in the libel suit in the federal court here, growing out of the criticisms of the New York World of the Panama canal purchase. Two employes of the World, the publishers of which, the Press Publishing company, have been named as the defendants in the proceedings, were today served with subpoenas in which they are summoned to appear and testify in the case of "The United States against the Press Publishing company and others."

Who the other defendants are was

COAL MEN CREATE BOARD OF REVIEW

Will Adjust Grievances Between Retailers and Shippers.

HOLD A MEETING IN FORT WAYNE

Michigan and Indiana Dealers in Session at the Wayne Hotel.

The creation of a board of review, empowered to adjust differences and grievances between retailers and shippers, was one of the important matters disposed of by the Michigan and Indiana Coal Dealers' association in its mid-winter meeting at the Wayne hotel today.

Another decision was that to hold the annual convention of the association, in June next, aboard a steamer in the course of an excursion trip to Mackinac island and Buffalo.

Attendance is Large.

Fully one hundred operators, wholesalers and retailers identified with the coal trade are in attendance at the Fort Wayne meeting, which was called to order by President J. W. Landrum, of Terre Haute, at 10 o'clock this morning. The coal men are a well-fed, well-groomed happy and prosperous-looking crowd of business men, whose appearance belies the suspicion that the coal man's life is tinged with any sort of trouble whatever.

There was a preliminary session of the executive committee held Tuesday evening, those present including President J. W. Landrum, of Terre Haute; Vice President A. J. Graft, of Battle Creek, Mich.; Treasurer E. W. Staebler, of Ann Arbor, Mich.; Secretary R. E. Harris, of Detroit, Mich. Directors George H. Krudop, of Fort Wayne; George T. Calvert, of Detroit, Mich.; Robert Lake, of Jackson, Mich.; J. G. Wolf, of Marion, Ind., and E. A. Remer, of Cedar Springs, Mich.

The Board of Review.

The board of review selected to adjust grievances is composed of Robert Lake, Jackson, Mich.; George H. Krudop, Fort Wayne, and George T. Calvert, of Detroit.

A resolution adopted at the morning session declared it the sense of the association that it is unfair to refuse shipments at destination, unless justified by inferiority in quality.

One of the big problems which is puzzling the coal men is the matter of shortage of coal when it reaches destination, and this was taken up at length at the afternoon session. It was freely predicted that the ultimate outcome of the matter would be the appointment of a legislative committee in each state to bring the matter to the attention of the various state legislatures. The coal men hope to secure the passage of laws making it obligatory upon the part of the railroads to furnish a bill of lading with each carload of coal, with certificate of weight at destination, and to base freight rates upon destination weights instead of mine weights as at present. They also hope to secure the location of railroad scales at convenient points for the purpose of weighing car shipments of all kinds of merchandise upon the demand of any interested party.

HEAD OF THE COAL MINERS MAKES DEFENSE

President Lewis Submits Annual Report to the Convention.

Indianapolis, Ind., Jan. 20.—After the committee on credentials made a partial report, showing there were twelve hundred delegates present, the United Mine Workers today listened to the addresses of the national officers. These were decidedly interesting as the factional troubles were touched upon.

President Lewis called upon his critics to investigate his official and personal acts and attributed the troubles that have arisen to lack of discipline within the organization.

Vice President John P. White in his address declared that something should be done to stop publicity of the internal affairs of the organization.

Condemns Waste of Funds.

CITY BREVITIES.

The offices of Dr. L. E. Brown have been removed from Broadway to the second floor of the Klinkenberg building at the corner of Clinton and Berry streets in the rooms formerly occupied by the Anti-Saloon league. The offices of the league have been changed to the front room on the second floor.

It is very probable that a big delegation of merchants other than Fort Wayne men will leave here on the morning of the 19th for Indianapolis to attend the state convention of the Indiana Retail Merchants' association. Inquiries concerning rates have been received from several of the nearby towns.

While riding in an East Lewis street car Carl Volz, the 5-year-old son of Mr. and Mrs. George Volz, of Chestnut street, was badly cut about the face as the result of the window pane near him being shattered by a snowball thrown by some youngster as the car was nearing Jefferson and Clinton streets. None of the bits penetrated the eyes of the boy.

ALCOHOL IS A PRESERVATIVE.

Alcohol is recognized the world over as the proper, most efficient and wholesome preserver of medicinal compounds, and while some journalists try to alarm the world by the cry that patent "medicines contain more alcohol than beer," they neglect to state that proprietary medicines are taken in doses from a teaspoonful to a tablespoonful, while beer is a beverage that is consumed in quantities from a glass to several quarts a day.

Lydia E. Pinkham's Vegetable Compound contains only 18 per cent alcohol, simply enough to preserve the roots and herbs from which it is made, and may be relied upon by every woman in the land as a reliable, honest and sure remedy for the ills peculiar to her sex.

GUSTAVE FROHMAN HERE WITH MARIE DORO CO.

Noted Theatrical Manager Talks of His Talented Young Star.

Marie Doro and her company arrived in the city over the Wabash shortly before noon. Her manager, Gustave Frohman, as he alighted from the car and sniffed the Fort Wayne air started on foot for the Majestic with his swinging, five-mile stride that made the represenative of The Sentinel hump to keep up with him.

"I anticipate that the Fort Wayne public will find Miss Doro as Benjamine in "The Richest Girl" a distinct surprise. The role is so sharply in contrast with that of Carlotta, in which she appeared here last in "The Morals of Marcus," that a totally different variety of artistic ability is required to interpret it. Beyond question, to my mind, it proves Miss Doro's versatility. She is on the stage almost constantly during the four acts, sustaining the role which is difficult in the extreme. As the humored and spoiled daughter of a papa, who has always indulged her whims with all that love and money can suggest, she proceeds to make trouble for everyone, but in such a way that she wins the hearts of all during the process.

"To give absolute naturalness to such a character calls for the richest gifts in a star. Miss Doro has the rare faculty of divorcing herself completely from her own personality and so throwing herself into her part as Benjamine that she literally leaves herself behind in her dressing room when she responds to her first cue.

"Much is said these days about the personality of stars," continued Mr. Frohman, "and it is true that personal characteristics, which appear in every role played by some of our celebrities, become dear to the public. Among the constellation of Charles Frohman's stars, in my opinion, Marie Doro is the bright, particular gem, since she has the ability to make herself a different Doro as the occasion demands. She is a diligent student, and so tremendously in earnest that she never rests until she has sunk herself in the character she enterprets. As Benjamine she assumed tones and attitudes as unlike herself as can be imagined. Her dainty personality is projected into the author's lines with wonderful effectiveness, and I am confident that the Fort Wayne public will be charmed with her performance."

NEW WITNESS HELD IN MURDER CASE

[Continued From Page One.]

what occurred between the dead man, the prisoner and Welsh after they came downstairs and this the new witness will be able to supply.

There was no preliminary hearing today in the city court and all of the witnesses except Swift are still in custody. He gave bond for $500 for his appearance as a witness and was released. His story of the killing is regarded by the authorities as truthful. Nick Lorain, the blind man who was said to have been in the saloon at the time of the fight, was not present according to his own statement, having left a few minutes before it took place.

Have All the Facts.

By diligent work on the part of the police and Prosecutor Thomas and Deputy Harry Hilgeman all of the essential evidence in the case has been put into shape and the witnesses are where they can be gotten when they are wanted. Scott will possibly be arraigned tomorrow and a day set for a preliminary hearing unless this is waived.

There will possibly be some testimony introduced, as the defense will seek through this means to get at as much of the state"s testimony as may be found necessary to introduce in the lower court.

Scott is recovering from the effects of his wounds and on advice of his attorney is not talking to anybody. His defense will undoubtedly be that he had been struck with a spittoon before he fired the shots and that he killed Thornton believing that his own life was in grave danger.

Funeral Will Be Private.

Funeral services for C. Walter Thornton, the victim of Scott's bullets, will be held from the Kiaehn & Melching undertaking rooms on Thursday morning, and in compliance with the wishes of the wife of the dead man the service will be strictly private. Under orders from Mrs. Thornton the undertakers have prohibited the curious crowds from viewing the remains. The interment will occur at Lindenwood.

Welsh supplied a bond of $500 for his appearance as a witness and was released. Ferdinand Meyer and Samuel Alexander became his bondsmen.

BOARD ILLEGAL SAYS GOVERNOR

[Continued From Page One.]

them the report on mileage, were received. Both houses took a recess at 11:30 until noon, when they met in joint session in the house chamber and elected B. F. Shively to the United States senate.

In the senate Senator Beal, of Terre Haute, introduced the Furnas bill against the collection and sale of second-hand bottles and jars.

To Make Good Friday Legal Holiday.

Senator Fleming introduced a bill to make Good Friday a legal holiday.

Among other bills introduced in the senate were measures to abolish the office of county assessor, by Benz; to give persons who are to be tried for insanity notice, by McCullough; to establish agricultural high schools, by Mattingly, and to do away with form required of county institutes to get their money from the treasurer, by Shaffer.

The senate committee on roads reported favorably on the bill to exempt township road bonds from taxation.

Senator Bingham's bill increasing the salary of circuit and superior judges in counties of over 39,000 population received an unfavorable report from the committee on judiciary A.

Senator Bingham was granted permission to withdraw the bill. The committee on judiciary reported favorably on Senator Wood's bill legalizing contracts for county work made by the county officers without the concurrence of the commissioners.

The committee on public health of the senate returned a favorable report on the Mattingly bill for the regulation of tenement houses and on the Fleming bill allowing the state board of medical examination and registration to restore physicians' licenses which have been revoked.

Want Health Laws to Stand.

Before adjournment the senate received a resolution from the Tippecanoe County Medical association asking that the present health laws not be disturbed.

The house committee on elections reported the Strickland bill requiring foreign born voters to make affidavits, for a slight amendment.

The house committee on joint rules reported that it favored the adoption of the joint rules of the sixty-fifth session. The house then took a recess until noon without a roll call for new bills.

PERISH BY FIRE IN INTAKE CRIB

[Continued From Page One.]

that we had to reach over and drag them in. They were taken to the boiler room, where they were kept as warm as possible. Meanwhile, we kept drifting closer to the crib where a dozen or more men huddled together on a far section of the pilings which had not been reached by the flames, were crying for assistance. When we bumped against the ruined structure some of the men jumped aboard, but others were so unnerved that we had to climb out and drag them aboard. Still others crawled from different parts of the crib with their clothing ablaze. One of these we were compelled to throw into the lake in order to extinguish the fire in his clothing. We tied a rope around him and dipped him into the water and then pulled him back aboard the tug. It was while we were doing this that the second explosion occurred and I backed the tug away. We could see no more injured and departed for the shore. We had forty-five men aboard, twenty-six of whom were injured."

HEAD OF THE COAL MINERS MAKES DEFENSE

[Continued from Page One.]

Ryan said the organization's funds should not be wasted in the employment of incompetent organizers.

As a step to wipe this out, he proposes the abolishment of elected board members and he would organize the international board with the presidents of the districts as its members.

All of the reports claimed that, notwithstanding less than half time work for the men, the organization has maintained its strength. Against a membership of 300,094 last convention, it has 294,746 this year.

In organizing the convention, the miners decided to meet at 9 o'clock each morning and with the exception of an hour and a half recess at noon, continue at work until 5 o'clock. It moved up the report of the national tellers so that it will be reached the first of next week. This will give time for the convention to elect a vice president and a secretary-treasurer, the national election having failed, it is said, to give any of the many candidates for those offices a necessary majority.

Mitchell Not Accredited.

It was found in seating the delegates that John Mitchell is not accredited to the convention as a delegate by any local union. Former Secretary Treasurer Congressman W. B. Wilson, though bearing the credentials of a local union at Blossburg, Pa., was not seated in the first report of the credentials committee. His credentials, it is understood were held up on the grounds that he is not actively engaged as a miner and is not an officer of the organization, the two qualifications for delegate eligibility. But it is said the floor will not be denied Mr. Wilson whenever he wishes to speak.

WENT NEAR EIGHTH STORY.

New Fire Ladder is Tested at Anthony Hotel Building.

The new 85-foot ladder purchased for the fire department was given a test at the Anthony hotel building this afternoon and it reached practically to the eighth floor of the building. Captain Jasper sent five men from the crew—Fred Tleman, John Meyers, Fred Sellers, William Kronk and Fred Stahlhut—up on the ladder, and a big audience witnessed the test. Messrs. Herman, Hayes and Reiman, of the board of public safety, were also present.

ANNUAL SKATING CARNIVAL.

Twenty-third Event Will Be Held at Princess Rink.

The twenty-third annual skating carnival will be given at Princess rink tomorrow night by Manager D. S. Eckert. The event has become a noted one amon the roller skaters of the city and as the interest has manifested itself in big crowds this season the manager has determined to make this the best he has ever held. A band has been engaged and a number of interesting contests have been arranged for the occasion.

MAYOR DECIDES TO SUSPEND SCOTT LICENSE

Commissioners and City Authorities Get Together.

In the county commissioners' court this afternoon a consultation was held between the members of the board, Mayor W. J. Hosey and County Attorney Hoffman at which it was decided that the mayor has the power to suspend the license of John B. Scott, who shot and killed Walter Thornton Monday night and the place will remain closed for the present.

On presentation of proper evidence the mayor can revoke the license and the place cannot be operated, as the owner will be amenable under the cities and towns laws that are now enforced. The board took the matter up to see whether or not some understanding could not be arrived at with the city authorities, but the commissioners have no power in the matter. Revocation of the county license is in the hands of the courts and can be brought about only by two or more convictions of law infractions on the part of saloonkeepers.

Mrs. Dolan Gets Divorce.

After a bitter fight in the superior court that consumed several weeks, the divorce suit of William against Anna Dolan was submitted to Judge Heaton and he granted the wife a decree on her cross-complaint. Mrs. Dolan did not at first seek a divorce and was fighting to keep her husband from securing one. She was given the custody of their child and the property settlement was made outside of court.

Court Notes.

The appeal of Space Petro, who asked for a saloon license, withdrew his application and was then refused permission by the board of county commissioners to reinstate it, has been placed on the circuit court docket on an appeal.

The suit of Emil Nitzche against the Live Stock Insurance association, of South Bend, was placed on trial in the superior court today. The action was instituted to recover on a policy covering a horse that died.

The county commissioners reappointed Dr. W. D. Calvin as jail physician.

H. C. PAUL RE-ELECTED.

Remains Third Vice President of Federal Union Surety Company.

Henry C. Paul returned last evening from Indianapolis, where he attended the annual meeting of the Federal Union Surety company, and was re-elected third vice president of the company. Former Governor W. T. Durbin is president, succeeding Hon. Hugh Dougherty, who resigned some time ago. The old officers were all re-elected, and the board of directors was enlarged by the addition of three members.

CITY BREVITIES.

Theo. G .Meyer, of St. Louis, has been in the city on a visit to his father, J. F. W. Meyer, the veteran druggist.

F. Gocke of Brackenridge street, is convalescing after submitting to an operation for appendicitis at the St. Joseph hospital.

LodgeNo. 2, Degree of Honor, will install its officers at a meeting tomorrow evening. At noon tomorrow the lodge will give a dinner at the home of Mr. and Mrs. George Chapman at 1045 Wall street.

WILL SHORTEN RUNNING TIME.

The schedule proposed for the Lake Erie and Western as a result of the visit here yesterday of R. C. Kennedy and H. M. Mounts, passenger representatives of the road, contemplates a considerable reduction in the running time of trains between Fort Wayne and Indianapolis. If the recommendations of the passenger representatives are heeded, there will be a train out of this city at 6:30 in the morning which will get into Indianapolis at 10 o'clock and one out of this city at 5 o'clock, reaching the capital city at 8:30 o'clock in the evening. The noon train out of Fort Wayne makes good connection and there will be no change in it. There will be a similar service northbound, but the exact time of the arrival of the trains has not been decided.

CALLING ON SHIPPERS.

I. L. Lockwood, of Chicago, traveling freight agent of the Nickel Plate, is in the city, calling upon the business men, manufacturers and shippers of freight, in company with H. E. Allison, the company's local freight agent. Mr. Lockwood will spend two or three days here. W. E. St. Clair, of Sandusky, O., traveling freight agent of the Baltimore and Ohio, was also in the city today, calling upon shippers and local freight agents. Mr. St. Clair makes semi-monthly visits here and is quite well known to the shippers.

AUXILIARY SPECIAL MEETING.

Immediately following the regular meeting of Kekionga division, No. 51, Auxiliary to the Order of Railway Conductors, tomorrow afternoon, Kekionga Aid society will have a special meeting and elect officers. Both meetings will be held in B. L. E. hall.

Supt. M. L. Reynolds, of the Lake Shore, spent an hour or two in the city this morning.

TO SEE WHAT THE TRAFFIC CAN BEAR

[Continued from Page One.]

not specified. The two men so served are Thomas Corcoran and William Gull. Gull's name appears for the first time in the list of those subpoenaed, but Corcoran is one of the World's employes served in the first instance under the indefinite form to which attorneys for the World registered objections and contested in the courts. The validity of his original subpoenas, with that of the four other World employes subpoenaed at the same time is still awaiting a decision by United States Judge Ward, of the United States circuit court.

In the meantime Mr. Stimson has disclosed the fact that the Press Publishing company, which publishes the New York World, is the real defendant. This was revealed in a subpoena which was served last night upon William J. Dempsey, head of the mailing department of the World, requiring him to appear before the federal grand jury. Thus far, the complainant in the case has been described as the "United States" and Mr. Stimson states that he is not at liberty to disclose the name of any individual complainant.

Is Up to Bonaparte.

Unless attorney General Bonaparte at Washington makes the disclosure, the name of the complainant may not be made known through the New York proceedings.

Curiosity as to whether District Attorney W. T. Jerome, of New York county, is to take a hand, is aroused by a conference between Jerome and Mr. Stimson last night, in which the Panama canal libel case was discussed. Mr. Jerome said that the question was whether there had been libel against an individual in the county or state of New York. Jerome did not make known whether he intends to take any further steps.

The examination of witnesses before the federal grand jury, under the direction of Mr. Stimson, continued today.

Van B. Perrine returns today from Louisville, Ky., where he has been attending the convention of the National Manufacturer's association.

Mrs. R. S. Robertson, of Paducah, Ky., is the guest of her parents, Mr. and Mrs. John Ferguson, of West Berry street.

SALARY IS DOUBLED FOR PRESIDENT BY SENATE

Debate Hinges on Comparative Merits of Horse and Buzz Buggy.

Washington, Jan. 20.—The respective merits of horses and automobiles were championed in the senate yesterday when the bill increasing the salaries of the president, vice president and speaker of the house of representatives again came up for discussion. At the close of a spirited debate amendments were adopted increasing the president's salary to $100,000 a year, that of the chief justice of the United States supreme court to $15,000 and that of the associated justices to $14,500.

Senator Warren, in charge of the bill, said the committee had accepted the action of the senate in fixing the salary of the speaker at $15,000 as significant of its desire to give a similar salary to the vice president, but they did not take the view that the committee's contention favoring a salary of $100,000 for the president was affected by it. He expressed the hope that the allowance of $5,000 annually for carriages or other vehicles for the speaker and vice president should be allowed to stand.

Bailey Defends Horse.

Senator Bailey insisted that the president's salary could better be kept down to $50,000 as at present than those of the speaker and vice president could be kept down to $15,000. Mr. Bailey offered an amendment to eliminate the words "other vehicles," so as to prevent the purchase of automobiles, and he delivered a glowing tribute to the horse.

"I believe," said Mr. Bailey, "that the horse is the noblest of God's dumb animals and I do not want to see him supplanted by a senseless machine. Next to the dog, the horse is man's best friend."

Mr. Warren declared that on his ranch in Wyoming automobiles are used to hunt up and save the horses and some times he has sent an automobile 200 miles to save sheep that otherwise would perish.

Speaking on the committee amendment, Mr. Dixon opposed the appropriation of government money for carriages and said it was within the knowledge of all senators that there was hardly a social function in this city at which there were not seen a dozen carriages with the government's brand on one side which were used purely for social purposes. He thought that such practices led to abuses.

Mr. Hemenway said in reply to a question that officials in Washington have a "little scheme" by which they "short circuit congress" in the matter of the use of appropriations for purposes different from those for which they were made.

Turnverein Vorwaerts Exhibition Friday Night Will Be 2d in Majestic.

Prof. Henry Meyer, instructor for the Turnverein Vorwaerts, who is in charge of the exhibition that will be given at the Majestic theater on Friday evening, states that there will be 207 people in the various exercises. The largest class to perform will be a ladies' class of sixty-five members and the other classes of men, girls and boys will run about twenty-five and thirty members each.

Probably the most picturesque feature of the Friday entertainment will be the tableaux at the close of the exercises in which thre divisions of the ladies' class will be grouped into shapes of flowers, each lady serving as a petal and the flowers will open and close alternately in a drill that has been especially arranged by Prof. Meyer. It will be something entirely new and will be bound to elicit much commendation.

Besides being at the head of the Turnvereins, Prof. Meyer is in charge of the physical culture work in the city schools. He has been in the city for the past three years and in that time has made for himself a very enviable reputation. Prof. Meyer's system of teaching is not to develop the muscular strength alone but also to develop a symmetrical body, and the ladies' exercises especially are adapted to promote grace and ease of body in movement. The seat sale for the entertainment began yesterday and thus far has been very successful.

EXTERMINATE THE DIVES.

Mayor Hosey has no duty more heavily pressing upon him for performance than to instruct his police to make war on a dozen or so of the worst liquor dives that infest this city.

A rigorous campaign against these pestilent resorts will ensue in the closing of most of them permanently. They are run by men unfit to engage in the saloon business and they thrive only by reason of a persistent and indulged violation of the law. Steadfast and vigilant attention by the police to these places will procure the evidence necessary to put a permanent end to their existence.

The city is full of hoboes, tramps, vags and beggars as the records of the police court attest and this testimony can be formidably supplemented by the word of hundreds of housewives who are solicited for charity by unkempt and filthy but able-bodied vagrants. Hundreds of citizens who are asked for alms on the street can further augment this evidence. In this regard the city has never been worse cursed.

The resorts of these hoboes and nondescript vagabonds are the saloons of the worst dive class. They are nests of filth and offense foul beyond description. Without these places the scum that infests the city would have no place to loaf and lodge, no place to spend its unearned money for drink and carousal, because saloons of the better class would not tolerate such a patronage.

Mayor Hosey can root out these places.

AFTER TAX-DODGERS.

There is now due Allen county the vast sum of $185,000 delinquent taxes. County Treasurer William H. Scheiman is about to inaugurate a campaign to recover this money into the county exchequer. This movement is not confined to Allen county, but, pursuant to a stringent order by the Indiana board of tax commissioners, is general over the state. Opportunity will be afforded delinquents to pay their overdue taxes without subjection to the annoyance, embarrassment and added expense of suit to collect, and those who neglect such opportunity will have to transact business with the county prosecutor to whom the delinquent tax accounts of the indifferent or stubborn will be turned over for collection.

Treasurer Scheiman states that a very considerable portion of the $185,000 delinquent taxes in Allen county is owed by "able-bodied men, many of them holding responsible and remunerative positions in the various lines of public and commercial business, drawing good salaries, enjoying all the privileges of citizenship, sharing all the blessings that good government affords, but who do not contribute to its support." Such as these must pay their taxes now delinquent, declares the treasurer, and failure to do so will be upon pain of forcible collection.

Under the state tax law no sort of property of any delinquent is exempted from attachment and seizure for taxes. The bulk of our citizenship pays its taxes and will commend and support Treasurer Scheiman in his campaign to compel payment by those who have persistently dodged payment.

The going of Elihu Root to the United States senate from New York will give to the Empire state the character of representation in that body upon which so much renown was shed by William M. Seward, John A. Dix, Rufus King, Roscoe Conkling, William M. Evarts, David B. Hill and of an earlier time many others. Represented in the senate in recent years by Platt and Depew, the greatest state of the union has not shown effulgently in the "most august deliberative body in the world." The election of Secretary Root will credit New York in the senate with not only her ablest man, but with one who, by popular consent, has had pronounced upon him by no less a person than Theodore Roosevelt the distinction of "one of the ablest men in the history of the country." However that may be, Elihu Root is a man of prodigious intellect, a thoroughly trained and perfectly balanced statesman and an orator of convincing power. He will be a great force in the senate for his party, and upon many momentous issues that are now or that in his time will come to the fore he will be a chief authority in that body. The substitution of a Root for a Platt is something upon which all thoughtful and well-meaning citizenship of the country may congratulate itself.

Texas now has a highly legalized claim of $1,600,000 against the Standard Oil company in the shape of a fine sustained by the supreme court of the United States. Noting that John Dee has just given another million to the Chicago university, it is not difficult to jump to the conclusion that when Texas finally makes collection she will know that she has been busy doing something. At the same time it is to be remembered that one Kenesaw Mountain Landis has made a mere million or two look small to the octopus.

The existence of dives like the Scott place, where Monday night's murder was committed, does not serve to diminish the wonder of the brewers that temperance sentiment can become so rampant among a rational populace. A score of places of such character in this one city alone is perhaps sufficiently potential of further tragedy to bring even the brewery mind around to calm contemplation of the situation as it is.

The number of saloons in Chicago has been steadily decreasing until there are over 1,000 fewer today than there were in 1905. The growth of temperance sentiment has operated to bring this about indirectly, but the immediate factor in the case was the law which raised the license fee to $1,000 in 1905. There are still 7,189 saloons within the city limits, but the suburbs and better residence districts are very largely dry.

Owe any taxes that are long delinquent? Don't be astonished or hurt in your feelings to see a tax collector backing a moving van up to your habitation armed with a writ of seizure and impelled by single motives of duty to help you make good your first duty to the state and to society. That is the program.

After a long season of representation in the United States senate by Platt and Depew, New York must feel a bit chesty to see Elihu Root headed for the world's greatest forum. Still, the continued presence of Chauncey will somewhat temper her conceit.

At least Senator Hemenway knows how John W. Kern felt four years ago when he stood up to receive the glittering, but insufficient honor of his party's complimentary vote for the United States senate.

John W. Gates and family are threatened with hydrophobia. John, however, is doubtless ready to bet a million they don't get it.

SICK ALL WINTER

Suffered from Bad Stomach and Severe Cough--Doctored Without Benefit -- Vermont Man Was Finally

RESTORED TO HEALTH BY VINOL

"About a year ago I began to run down in health, lost appetite and flesh and suffered from indigestion. All the winter I had a severe cough. I doctored without any benefit and finally my druggist suggested that I try Vinol. I did so and soon began to feel better. My stomach grew stronger, my food no longer distressed me, my cough disappeared, I began to gain in flesh and soon felt like a new man. I did not believe that any remedy could make such a change in a person." Edw. R. Wooster, Rutland, Vt.

Vinol contains tonic iron and all of the medicinal body-building elements of cod liver oil, does not taste of the oil and is everywhere recognized as the greatest body-builder and strength creator known for feeble old people, delicate children, weak, run-down persons, after sickness and for chronic colds, hacking coughs and bronchitis.

Try it. If it does no good your money will be returned on demand. That's your guarantee but we know it will benefit any such case. Meyer Bros. Co., Druggists, Fort Wayne. Three Big Stores.

HEIRESS IS POLICE OFFICER

Miss Fanny Bixby Takes Oath as Member of Los Angeles Force.

Los Angeles, Jan. 20.—Miss Fanny Bixby, Wellesley graduate and one of the wealthiest girls in southern California, yesterday became a full-fledged police officer. She was appointed yesterday as deputy constable at Long Beach, and today came to Los Angeles and took the oath of office as a policeman and received her star. Miss Bixby is a daughter of Jotham Bixby of Long Beach, who is worth several millions. After graduation she became interested in the work of helping unfortunate girls. The object of today's appointment is to give her certain authority in her work.

Constipation Caused By Indigestion

Is Cured by Helping the Stomach Do Its Work As It Should.

All forms of constipation, bowel or intestinal trouble owe most of their origin to the improper digestion of food. The bowels measure 30 feet. The inside walls or surfaces are wound tightly about with millions of nerves. These nerves give life and control millions of little mouths or suckers which are supposed to take nourishment from the food as it leaves the stomach and passes along this 30-foot human canal.

When indigestion, dyspepsia or stomach trouble occurs, the food being undigested, passes over these millions of mouths, it is a fermented decaying mass and holds no nourishment as it should.

The little mouths suck it up, impart these impurities to the blood, impregnate the little nerves with poison and so the work of constipation and bowel trouble begins.

A natural juice or secretion belongs normally in the little cells and glands along the mucous membrane of the 30-foot canal or bowel. When indigestion occurs this juice is lacking and so the mass of waste matter cannot pass along as it should and is piled up and caked in the bowel, thus bringing pain and misery.

After a while the nerves and nerve centers which give vigor and life to the bowel become paralyzed, thus forever prohibiting the bowel from performing its natural duties.

Stuart's Dyspepsia Tablets, when taken after meals, digests the food properly even though the stomach is sick and it passes to the bowels nourishment and juices, which help the intestines not only to do their work at once, but builds them up, restores vitality to the nerves, brings new secretion to the glands and cells, helps bowel action and enriches the blood.

The stomach is the cause. Common sense and science are one on this point. You see it yourself. One little grain of Stuart's Dyspepsia Tablets will perfectly digest 3,000 grains of food. The assimilation of a meal by one of these tablets is an easy matter and it keeps the stomach clean and sweet so that in a brief time this organ is restored.

Every druggist carries them in stock; price 50c. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

Electric Talks

No. 10

A city has to be pretty busy to excuse it for getting so far

Behind Other Cities In Street-Lighting

as we have shown Fort Wayne in our later talks.

Comparing Fort Wayne with five cities of near its own size in Indiana, Illinois, Pennsylvania and New York, we showed that we have one city street arc lamp where the others average two. Yet we took no account of the incandescent street lights in two of those cities or of the 236 Welsbach and 512 open flame gas lamps in two others.

Comparing Fort Wayne with seven other Indiana cities, we showed that in order to be as well street lighted as they we should need not less than from 700 street arc lamps and 600 street incandescents up to 1,319 street arcs and over 1,030 incandescents burning all night and every night. Here again we took no account of Welsbach mantle lamps of one city.

The average of street arc lamps in the seven cities named was 960. Compare this with out 418 burning only when no moon is due!

Now we have been at some trouble to get reports from the various electric-lighted cities and towns of Indiana for the purposes of this comparison.

Up to date we have received returns from twenty-six such places using the 2,000-candle power arc lamps, as in Fort Wayne, for street lighting.

Of these twenty-six we have already made comparisons with eight in previous talks. Taking all the rest without favor or discrimination, let us see what they show!

Here are the towns, the population, the number of street lights and the number that Fort Wayne would require were it supplied in the same ratio of population:

MICHIGAN CITY,	17,292—150 lamps	Equal Fort Wayne,	626 lamps

Here are eighteen cities and towns of Indiana taken from the reports of the electric companies as rendered, not a single one showing the low ratio of street lamps to population found in Fort Wayne or, indeed, anything near it.

Averaging the results found in these eighteen towns it will be seen that in order to make as good a showing in proportion to population as these other Indiana cities and towns enjoying electric street lighting Fort Wayne would have to have not less than 863 arc lamps of 2,000-candle power besides an additional outfit of incandescent street lights.

Taking the showing by comparison of cities up to date there is but one conclusion. Yet

There Are Still Other Comparisons

with electric-lighted cities well worth our trouble. These will receive attention forthwith.

CUTTING DOWN DEBT OF CATHEDRAL RAPIDLY

Sum of $40,000 Has Been Paid in Seven Years —Church News.

Forty thousand dollars has been paid on the Cathedral indebtedness within a little more than seven years. This splendid record has been accomplished by Rev. R. F. Roche since his advent as rector of the Cathedral. The annual financial report of the parish was read at all the masses on Sunday, and was most gratifying to all concerned. During the past year $5,110 over and above all current expenses and interest have been paid on the church debt, which now amounts to $56,000.

Father Roche was assigned as rector here on May 16, 1901, and has been tireless in his energies to liquidate the great debt of the parish. That he is attaining success in the conduct of his work is shown by the above results. His faithful work is sincerely appreciated by his parishioners by whom he is held in high esteem.

MISSIONS IN JAMAICA.

Rev. C. C. Smith Speaks at Christian Church.

"Missions and Missionary Work in Jamaica" formed the theme of a splendid address given by Rev. C. C. Smith, of Cincinnati, at the Tuesday evening evangelistic meeting at the West Creighton avenue Church of Christ. The speaker is secretary of the board of negro evangelization and education and was thoroughly conversant with his subject. He spent several years in evangelistic work in Jamaica and hence presented his address in a most interesting and entertaining manner. His effort was comprehensive in its scope and graphic in its lenineation of the scenes amid which he had labored. This evening he will address the class in training for service at the Third Church of Christ. At the West Creighton avenue church the pastor, Rev. William P. Shamhart will preach on "The Great Salvation." The chorus choir, directed by Prof. Likins will give a fine musical program. The attendance at the evening meetings is on the increase and much good work is being accomplished.

OFFICERS WERE CHOSEN.

Sunday School Election at Westminster Church.

The annual election of officers of the Sunday school of Westminster Presbyterian church resulted as follows: Superintendent, M. G. Garard; assistant superintendents, Charles S. Bash, B. J. Roberts and Mrs. G. K. Torrence; secretary, Caroline Biddle; treasurer, Minnie A. Beaver; pianist, Veta Alleck; assistant pianist, Mrs. Joseph West; superintendent of home department, Mrs. Ira P. Evans; assistant superintendent home department, Mrs. James Baxter; superintendent of cradle roll, Mrs. S. T. Hulse; assistants, primary teachers; Miss Ethel Lansdown has charge of the music.

The members of Westminster Christian Endeavor society have begun the studies in Bunyan's "Pilgrim's Progress." Last Sunday the life of Bunyan and the first chapter were discussed. The meeting was very interesting and helpful to all present.

The mid-week devotional service at Westminster church this evening will be led by the pastor, Rev. J. Clair Leech. His topic will be "Walking With God."

TRINITY M. E. REVIVAL.

Rev. Haudenschild to Speak Next Monday Evening.

Rev. C. R. Haudenschild, of Chicago, the well known evangelist now engaged in conducting a revival at Wayne Street Methodist Episcopal church, will preach at the gospel service at Trinity M. E. church next Monday evening. He is regarded as a most able pulpit orator and those interested will be afforded a splendid opportunity for hearing him preach.

The attendance at the gospel service on Tuesday evening was most gratifying, and considerable interest and cooperation was shown in the work. The pastor, Rev. William P. Herron, spoke at length on "The Cure of the Ten Lepers." Dwelling upon the fact that they were commanded to go and show themselves to the priests and that in so doing they were healed, he pointed out that through their willingness to obey they were healed. Making a practical application of the subject, he pointed out how the Lord worked through meetings such as they were holding and that if souls wished to be healed and return to Christ they must primarily possess the willingness to obey his holy will. At the service this evening Rev. Herron's topic will be "Way Unto the Lord."

INTEREST INCREASING.

Fine Audience at Wayne Street Church Revival.

That considerable interest has been awakened by the evangelistic meetings in progress at the Wayne street Methodist Episcopal church was demonstrated by the fine audience on Tuesday evening. The meeting was one of the best attended since the opening of the revival and marked interest was shown. Evangelist Haudenschield preached on "The Unpardonable Sin—What It is and When Do We Commit It?" A vocal duet, "Well With Thy Soul," was given by George E. Kohlmeyer and Miss Mabel Bechtol. "The Hallelujah Chorus" from Handel's "Messiah" was played on the pipe organ by Alfred Holsworth. The attendance at the bible study yesterday afternoon was larger than at any other time. This evening the evangelist will preach on "One Word." The theme of the bible study tomorrow afternoon will be "Divine Guidance." Prayer meetings will be held at 9:30 o'clock Thursday morning at the home of Mrs. A. L. Hodell, 1235 Boone street; Mrs. J. S. Baldwin, 1207 Scott avenue; Mrs. J. E. N. Dillon, 331 East Washington street, and Mrs. Sarah B. Green, 1319 Jackson street.

M. E. CHURCH MEETINGS.

Rev. Rowand Gratified at Large Attendance at Services.

There is a steady growth in the attendance at the revival in progress at the First Methodist Episcopal church. The pastor, Rev. Charles Rowand, is much gratified with the co-operation that he is receiving in the conduct of his work and feels that much good will follow the evangelistic meetings. At the service last evening Rev. J. L. Hutchins, pastor of the Methodist Episcopal church, at New Haven, and Rev. Dr. C. U. Wade, district superintendent of the M. E. church, were present. The pastor delivered the sixth and last of his series of discourses on the "Acts of the Apostles." It was an exposition of the fifth chapter of the Acts emphasizing Gamaiel's defense of Christ when the apostles were about to be persecuted for preaching Christ. It was an eloquent effort, full of thought and unction. This evening his topic will be "Sins Found Out." The chorus work, under the direction of the gospel singer, Herbert H. Deam, of Bluffton, is progressing nicely. Mrs. Deam arrived in the city this afternoon to join her husband.

BAPTIST CHURCH AFFAIRS.

Meetings and Services of Interest Arranged.

At the prayer meeting this evening at the First Baptist church, Rev. John F. Vichert will speak on "Comfort in Temptation," basing his sermon on text from 1 Cor. 10-13; Heb. 4:14-16. The Bible Study class will follow chapter 10.

On Thursday afternoon a meeting of the Ladies' society will be held in the church parlors and the attendance of all the ladies of the congregation is desired.

Cottage prayer meetings on Thursday evening will be held at the homes of Mr. and Mrs. McLeish, 907 Liberty street, leader, A. Z. Polhamus; M. A. Hardendorf, 1319 Scott avenue, leader, Miss Anna M. Philley; Mrs. George Stiver, 1514 West Main street, leader, E. W. Lewis.

Next Tuesday evening the Young Men's Bible class will hold a business and social meeting at the Philley homestead on the Decatur interurban line.

Rev. W. E. Hatcher, D. D., of Richmond, Va., one of the ablest ministers in the Baptist ranks has accepted the invitation of the First Baptist church in this city to conduct special meetings for a few days here early in February.

AMONG THE CHURCHES.

Current Evens of Interest Briefly Told.

Under the auspices of the Ladies' Missionary society of the First Presbyterian church a chicken dinner will be served in the church parlor on Friday from 11:30 until 1:30 o'clock. The members will also hold a sewing session on that day.

On Thursday evening from 5 until 8 o'clock the Ladies' society of Trinity Episcopal church will serve supper in the parish house.

The second term of the Y. W. C. A. advanced class in French will begin tomorrow morning. Mrs. William Rost is the instructor. If a sufficient number of applications are received a new beginners' class will be organized. The former class is making splendid progress in its work.

After the mid-week prayer meeting at Grace Reformed church this evening a meeting of the teachers of the Sunday school will be held. The monthly meeting of the Woman's Missionary society of Grace church was held this afternoon. The ladies of the church also held a sewing session today.

Next Sunday evening the pastor, Rev. Allen K. Zartman, will give a stereopticon mission study sermon at the evening service at Grace church.

"TO LIVE AS CHRIST" CRUSADE BEGINS TO SPREAD

Movement Has Reached and Made an Impression in New York.

New York, Jan. 20.—To live as Christ would, not for a week or a month, but through the years! That is the new movement just initiated in this city along the lines of the heralded temporary efforts in Cleveland and Boston. And it is being led by the Rev. Dr. Charles A. Eaton, the militant new pastor of the Madison avenue Baptist church. He is the clergyman who once defied the wrath of John D. Rockefeller from the pulpit of the Euclid avenue Baptist church in Cleveland, when he declared that his friendship could not be bought, that it was manhood and not money that counted with him.

And even now Dr. Eaton does not relish being known as "the former pastor of John D. Rockefeller's Cleveland church."

Drawing himself to his full height of six feet, he said quietly, but firmly, to an American representative in his study at the parish house last night:

"I was never the pastor of Mr. Rockefeller's church. I was the pastor of a church where the man of millions and the poorest man of all were on equal terms. Manhood is God's only measure of value. That is as true now as it was then. It is my platform, and I will stand or fall upon it. And I am going to put up the strong fight before ever I fall.

Ground for Sowing Here.

"No person can ever live as Christ did, for He was divine," continued Dr. Eaton. "But there can be a genuine effort, based upon sound reason, which should last through the life of each human being. I do not preach the gospel of the ephemeral. My aim and hope is to teach the living and enduring truths of the Christian faith.

"Such a movement has been begun here. I was once a farmer, and I know that there is ground for sowing the right seed in this great city. That movement is bound to be successful, for Christ has been, is now and always will be the haunting ideal of the human race."

Dr. Eaton then outlined his rules for Christian living as follows:

"First—Approach your problems from the eternal side. This makes very few things that we struggle over worth while and would at once reduce the strain and tension of life.

"Second—Remember that the Christian life is spiritual, not form or formula. It is the spirit in which men perform their tasks rather than the tasks themselves which constitute the Christian life. At conversion men are not taken out of the world, but the world is taken out of them. A Christian is a man who does small things in a large way.

Divine Standard of Values.

"Third—The Christian man has a divine standard of values, so that a man is worth while for his own sake. To accept this completely would very largely eliminate our artificial class distinctions. To be a Christian is to look upon the world as Christ did. Jesus died for the sake of showing the world that men are creatures of eternity, that time is only an incident in their existence, a short period of discipline and that men take with them simply what they are and leave behind what they had.

"That is my platform of principles in my effort to persuade thousands of fine young men and women in this city to make the daily, weekly and yearly endeavor to live as Christ would," continued Dr. Eaton.

"The old Adam is in all of us. None of us is perfect, but we can make the attempt. I believe in militant Christianity, the religion with the punch. Isn't it worth going out into the world about you and making the brave fight for souls?

"I Feel With the World."

"I have known the world, and I feel with the world. My earlier struggles turned my hair gray. I have seen many sides of life. In the boyhood days in Nova Scotia I lived in the land of Evangeline, just one mile and one-half from Grand Pre. Then I went to Acadia college and played football for four years. We were never beaten. Then I became a lawyer, and finally a minister of the gospel. I am proud to be a minister, for I can speak the plain truth to men, who sooner or later will be convinced.

"I am studying your city. I go about day and night. I peer in the shop windows, I walk the streets, studying the hurrying throngs. Always I am trying to meet people of all classes, for all classes are one to me, just plain men and women, who must accept Christianity as the only logical, practical ideal of this world. And I am here to fight, and I know that I shall not lose."

And as Rev. Dr. Eaton, former farmer, football player, boxer, lawyer and fisherman spoke these words there was that in his keen gray eyes and the whole makeup of 180 pounds of clean-cut humanity which made every word ring true.

COUPLE OF BOTTLES OF WHISKY FOR WOMAN

Female Hobo is Given a Chance to Leave the City.

Lizzie Weaver, who from the paraphernalia she carried wrapped in a parcel and according to testimony given by Chief of Police Ankenbruck in the city court this morning, is a female hobo as part of her outfit consisted of a number of cans which she used for cooking vessels after the same manner as the man tramp who builds his fire along the railroad tracks and officiates as chef at his own feasts.

Lizzie indicated in another most forcible way that she is of the tribe by testifying that for her meals yesterday she had two half pints of whisky and when she was arrested this morning early she was holding up a trolly pole out on Taylor street.

She has been traveling between Joliet, Ill., and her home in Pennsylvania for the last few years and was thrown out of the Columbia Street mission a day or two ago and fired out of the police station Monday night. A suspended fine of $1 and costs and instructions to the police to buy her a ticket and see that she ot started for Warsaw was the finding of the judge.

Thomas Wiley was holding up people on South Calhoun street last night begging and he was sent over fifteen days for vagrancy.

James Conway, who said he was looking for work but who showed by his appearance that he had spent more time seeking drinks, was sent over under a continuance until Friday.

SOCIETY

In honor of her sister, Mrs. Theodore C. Wester, of Philadelphia, and also in honor of Mrs. Herman K. Zuppinger, who will leave soon for Minneapolis, Minn., to live, Mrs. James W. Runyan, of Hoagland avenue, gave a luncheon at 1 o'clock today of thirty-six covers. The appointments were exceedingly pretty and carried out the color scheme of green and white. The chandeliers were wreathed in smilax and plumosus and in the dining room a still further decoration of the green was brightened by tiny incandescent lights. On each of the small tables used in serving was a small glass basket filled with the dwarf narcissus, stevia and tiny ferns. Plumosus added further delicate decoration to the table. An elaborate luncheon was served and the affair was both beautiful and delightful in every way. The invited guests besides Mrs. Wester and Mrs. Zuppinger were Mrs. A. Z. Polhamus, Mrs. E. W. Averill, Mrs. William Nichols, Mrs. S. B. Bechtel, Mrs. Leland Johnson, Mrs. Harry Bowser, Mrs. Jules Simon, Mrs. R. F. Casey, Mrs. S. F. Bowser, Mrs. G. W. Naylor, Mrs. H. O. Bruggeman, Mrs. H. W. Somers, Mrs. Edward Dalman, Mrs. C. A. Dunkelberg, Mrs. F. I. Brown, Mrs. Charles Sedgwick, Mrs. Hanly, Mrs. A. A. Serva, Mrs. C. T. Pidgeon, Mrs. Arthur Hadley, Mrs. Robert Harding, Mrs. Victor Russell, Mrs. C. C. Miller, Mrs. Harry Quicksell, Mrs. F. E. Singrey, Mrs. Ralph Shulze, Miss Biechele, Miss Ethel Naylor, Miss Sperry, Miss Maude Sperry, Miss Hanly, Miss Elinor Bond, Miss Martha Pierce, Miss Singrey. Mrs. Runyan's guests welcomed the opportunity to again greet Mrs. Wester, but mingled with the pleasure was regret at the approaching departure of Mrs. Zuppinger. Mr. and Mrs. Zuppinger have lived in Fort Wayne a little over two years and their recent and unexpected determination to return to Minneapolis is deeply regretted by their many friends.

Mr. and Mrs. C. A. Agster, of 1030 Harrison street, will leave tomorrow for a few days' visit in Detroit, Mich.

Mrs. Ella Morganthaler returned to Chicago this noon after a visit with her son, Cornel Morganthaler, and family.

L. H. Johnson, of 205 Baker street, gave a dinner party on Sunday evening in honor of William Smith, of Grand Rapids.

Mrs. A. Simminger entertained a company of friends on Monday in honor of Miss Etta Brown, of Defiance, Ohio. All enjoyed a pleasant time.

Miss Italia Evans left yesterday for Ossining-on-the-Hudson to resume her studies at a young ladies' seminary. Miss Evans met with a serious accident during the holidays, which had prevented her earlier return to school.

Members of the C. L. P. club enjoyed a pleasant evening on Monday at the vaudeville and then enjoyed a buffet supper afterwards. The members of the club are Misses Leona Casey, Opal Tappy, Minnie Mayer, Nettie Heit, Ollie Casey, Carrie Mayer and Helen Rohlman.

The regular meeting of the Nineteenth Century club was held yesterday with Mrs. Elwin Hulse, who was the reader for the day. A social hour followed the program and Mrs. Hulse served refreshments in honor of Mrs. Charles J. Smith, a member of the club. Mr. and Mrs. Smith and children expect to leave on Saturday for Lexington, Ky., to live.

Miss Emma Kouder, of 3202 South Lafayette street, entertained the members of the I. B. club on Monday evening. Music and various games furnished a good time for all. The members of the club include besides the hostess the Misses Florence Shannon, Mabel Melott, Grace Bennett, Nettie Brubaker, Louise Kouder and August Hirschman, Harry Brubaker, Frank Baker, Edward and William Kouder.

Mr. and Mrs. Edward Frauenfelder, of Crescent avenue, entertained a company of friends on Monday evening in celebration of the fifth anniversary of their marriage. The guests were Mr. and Mrs. Louis Curdes, Mr. and Mrs. Therwald Anderson, Mr. and Mrs. Fred Zimmerly, Mr. and Mrs. Arnold Curdes, Mr. and Mrs. Will Frauenfelder, Mr. and Mrs. W. Harries, Mr. and Mrs. H. Hartman and Miss Etta Brown, of Defiance, O.

Mrs. Ernest Gerke entertained a small company of friends of Mrs. Harry Eberline, of Detroit, Monday evening. Green and white were the colors shown in a pretty decoration of the dining room and supper table. The guests enjoyed a game of pedro. There were present Mrs. Martin Luecke, Mrs. Lepper, Mrs. Charles Auman, Mrs. Edward Scheumann, Miss Alma Kampe, Misses Anna and Louise Aumann, Miss Della Breuer, Miss Emma Sanders, Miss Wenninghoff.

Miss Esther Weise, of Gay street, entertained on Jan. 15th a number of young people who spent a merry time. Arrangements had been made for the pleasure of all and a fine supper at the close of an impromptu program of games and music was one of the delights of the evening. The guests were Misses Alma Miller, Nettie Vrooman, Mabel Wells, Bertha Schumaker, Muriel Shelb and Messrs. Albert Kell, Blaine Byers, Arthur Kell, Ralph Gillette, Walter Kell, Gus Aichele and Mr. and Mrs. Ralph Stanley, jr.

Mrs. William Zurbuch, of Barr street, gave a card party yesterday for her guests, Miss Mary Keylle and Mrs. Henry Zurbuch, of Marion, Ind. The decorations were flags, ferns and smilax. The game was military pedro and each player was presented with a tiny flag, which she carried to her home fort before she began to play the game. Supper was served in the dining room from a beautifully appointed table. The decorations were smilax, plumosus and red and white carnations. Dainty baskets of grapes were given as favors. The guests were Mrs. Andrew Scheib, Mrs. Belle Raeder, Mrs. John Hays, Miss May Hutzell, Miss Jeannette Muhler, Miss Jennie Fox, Miss Gertrude Kelker, Miss May Fitzgerald, Miss Margaret Murphy, Miss Elinor Rinehard, Miss Winifred Hammond, Miss Elizabeth Gage, Miss Ora Rauner and Miss Moring.

Country Parties.

A card party on Saturday evening was one given by Mr. and Mrs. A. White at their home near the city. Pedro was the game and a supper was served later in the evening. There were present Mr. and Mrs. W. Sunderland, Mr. and Mrs. F. Huguenard, Mr. and Mrs. F. Kahn, the Misses Frankie and Georgia Rowley, Adaline and Laura Huguenard, Ethel and Agnes Kahn, May White and Messrs. Felix and August Poirson, Hubert Barrand, Clement and Jules Huguenard, George Golden, George Kahn, Herschel Rowley, Herbert and Ernest Sunderland, Eugene Huguenard, Albert, Clarence and Frank White.

Miss Amelia Trier, who lives east of the city, gave a card party recently in honor of her cousins, Mr. and Mrs. G. F. Ahlschwede, of Nebraska. The guests who spent a pleasant evening were Misses Sophie Wietfeldt, Eva Salzbrenner, Clara Heine, Amelia Heine, Amelia Hockemeyer, Anna Heine, Mary Hockemeyer, and Messrs. Edward and Theodore Heine, Fred Hanefeld, Otto Bultemeyer, Henry Kiess, Lawrence Zwick, Henry Korte.

Mr. and Mrs. J. C. Meyer, who live on the Winchester road, south of the city, entertained on Sunday a company of young people in honor of the birth anniversary of Miss Emma Meyer. Trier's orchestra furnished music and a delicious supper was also a feature of the entertainment. The guests were the Misses Emilia Rodewald, Amelia Schroeder, Dorothea Schroeder, Amelia Holman, Regina Hockemeyer, Clara Reinkingmeier, Amelia Pohler, Clara Lange, Esther Deuter, Edith Dickmeyer, Emma Pohler, Ella Hallfeldt, Emma Rodewald Virginia Israel, Ruth Mailand, Lucy Moellering, Louise Hobrock, Lena Oetting, Matilda Mayer, Minnie Oetting, and Messrs. A jolly crowd of young folks spent a most delightful time Tuesday evening at the Nieter home on Wayne trace. Those who participated were the following: Misses Mayme Speckman, Loretta Harkenrider, Marie Kelly, Alice Cranston, Ida Newhaus, Ethel Follis, Gaeth Vachon, Anna Nassenstein, Georgina, Irene and Ludmilla Lauer, and Messrs. Ed. Kelker, Otto Wefel, Benno Brink, Joe Vachon, Ed Follis, Louis Deitschel, Al Bruns, Robert Miller, H. Bruns and Ferd Freimuth. Musical selections were rendered by a number of the guests. At a late hour a delicious supper was served.

Corcoran—Jaegers.

Word has been received by Fort Wayne relatives of the marriage of Mr. Thomas B. Corcoran and Miss Mary Jaegers, in Los Angeles, Cal. The marriage took place in the Old Mission church on Thursday, Jan. 14. Mr. Corcoran is a son of Mr. and Mrs. Thomas Corcoran, of East Lewis street. He left this city five years ago and is now engaged in the grocery business in Los Angeles.

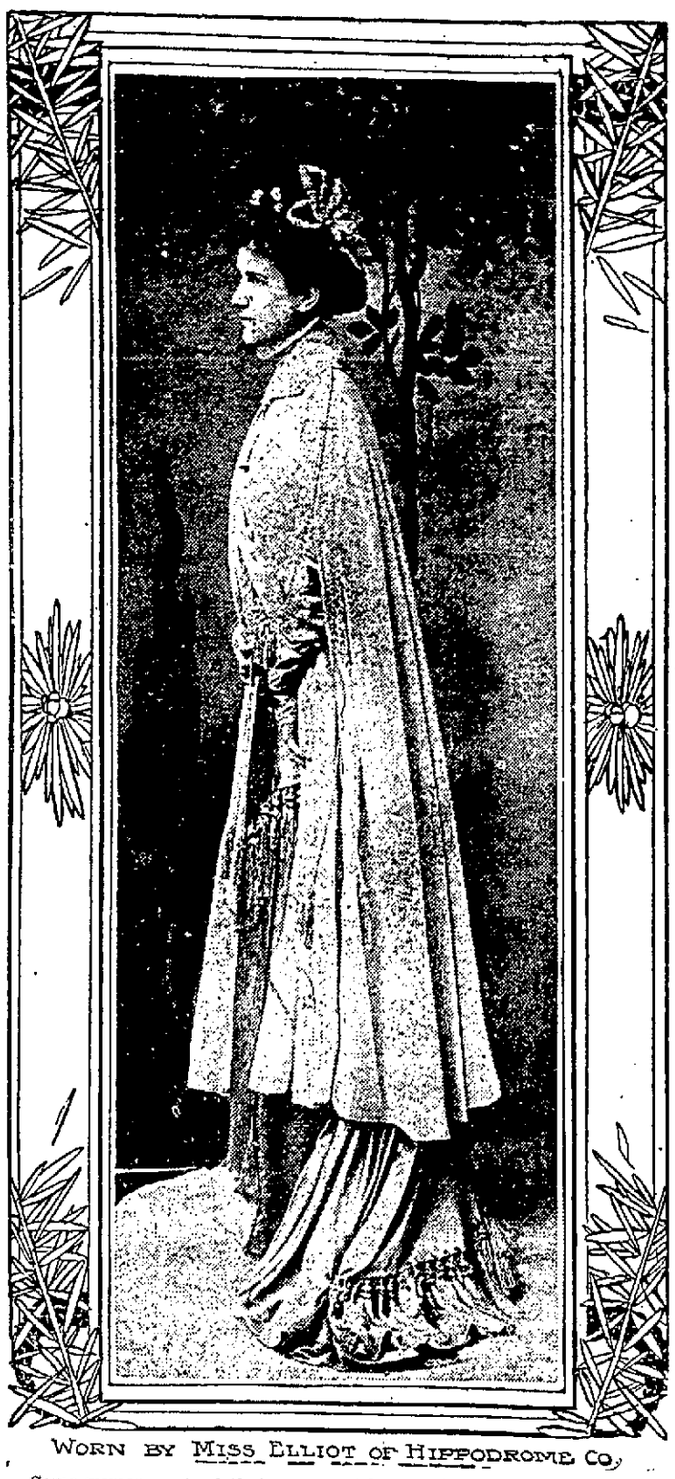
Borchert—Buhr.

Miss Margaret M. Buhr and Mr. Carl Borchert were married at the parsonage of Emmaus church at 11 o'clock this morning by Rev. Philip Wambsganss, in the presence of immediate relatives. The bride and groom left today for a visit in Dayton, Ohio. Mr. Borchert is a clerk at the Fort Wayne Electric works.

New Evening Cape



WORN BY MISS ELLIOT OF HIPPODROME CO.

Some women contend that a wrap with sleeves is more convenient than a cape for wear with evening gowns; but the difficulty of holding the narrow dragging skirts with a cumbersome wrap have brought out the advantages of a loose cape.

The very smartest capes are ankle length, and beneath their voluminous folds both hands may be used to lift the frock of delicate fabric from the pavement. This cape, of pale blue satin, has a soutache embroidered collar, the soutache being dyed to match the color of the satin beneath it. Heavey blue silk cords with tassels fasten the fronts. On cold nights the fronts button across in double breasted fashion, and the broad collar turns up about the thoat in Napoenic style.

FAVORS A CITY PLANT.

Chairman Lennon Wants Repair Work Done by the City.

After several days spent in investigating the operations of the city asphalt repair plant at Indianapolis, Chairman E. J. Lennon, of the board of public works is highly in favor of securing one for Fort Wayne.

His inquiries proved to him that the city can do the patch work on the streets at a smaller cost than the companies will do it and that it can be done more satisfactorily and at such times as it is most needed. The cost will be comparatively small.

Lawrence Koeneman, of 3203 Lafayette street, has just returned from a southern trip into Texas and Mexico. During his absence Mr. Koeneman was on a hunting expedition and a wild boar was one of the trophies of the trip.

Pineapple Fruice

It has remained for the "White Ribboners," of Nebraska, to coin a new name for punch, which always savors of intoxicants, even thought it be a strictly temperance concoction. After a number of names had been proposed "fruice" was selected as most appropriate. A number of women's clubs and temperance organizations have since adopted the name. For pineapple "fruice," therefore, grate one fresh pine or use a quart can of the preserved grated apple. If it is the sliced apple, chop fine.

Add to it one quart of any fruit syrup preferred, preserved or fresh. Red raspberries, cherries, strawberries and oranges are all appropriate. Add also the juice from a half dozen lemons or oranges, or the fruit itself sliced very thin. Over this pour a hot syrup, allowing a quart of water to a pound of sugar, increasing the amount of sugar when the fruit is quite acid. Let this stand three hours until all the flavors are delightfully blended, then add half a gallon ice water and pour over a block of ice in the "fruice" bowl.

GANZEL PASSED THE MEETING UP ON MONDAY

Was Not Mingling With the Central Magnates at the Gathering.

[Special to The Sentinel.]

South Bend, Ind., Jan. 20.—That John Ganzel did not attend the Central league meeting here on Monday after he had given out that he would look in upon the magnates during the annual confab is not of much wonder when it is known that the directors of the organization had some pretty pointed questions to ask him.

True or untrue the fact that there was a bill in the Grand Rapids council declaring Loyalty park, the week-day ball grounds there a nuisance and that Charles Webb Murphy, president of the Chicago Nationals turned down the proposition to buy the Stags after he had practically agreed to take the franchise are both charged to the meddling of the former Cincinnati manager.

President Carson stated at the meeting here that Ganzel prevented Mr. Murphy from investing by telling him that Grand Rapids was a bum ball town and that he would lose money on his investment there. That there had been a stiff fight from some quarter to cheapen the franchise has been recognized by the league officials for some time and this has been so hard to combat that the deal was not completed until the very last minute.

In some quarters here this is attributed to a desire on the part of Bert Annis to hold both clubs for next season by a sale to Grant that would have been no sale at all. Annis knew what the team along with the franchise and other holdings were worth. He bought them all for less than $5,000 and in six months he doubled his investment provided the price given out in the sale to Brotherton is correct.

This is one of the echoes of the meeting of the magnates here on Monday. Dr. F. R. Carson, the president of the league, is thoroughly sincere in his belief that the sale to Brotherton is on the level, but whether or not it is a square sale the league magnates had no power to prevent it. Brotherton may or may not be a ringer and he may have bought the franchise from Annis for Annis and while the deal was closely scrutinized there were no developements to show that this was done.

Salary Limit Small.

Magnates who gathered here during the week were in favor of the $1,800 salary limit, but few of them will stick to it and when the season closes they will all have to scale down if they make a return to the league showing how much was paid out.

With fourteen men on the roster it is a difficult matter to get the right kind of timber and keep within the figures named by the league. The trouble is that the patrons on the circuit have had a better article of ball served up than the present salary limit will purchase and unless they have a continuance of the high-priced kind there will be some hammer throwing.

Angus A. Grant will continue at the helm for the South Bend club and he has announced that out of about thirty players he has on hand he will get a team that he expects to make a good showing with.

The players who attended the meeting are disappointed that there were no games added to the schedule. They wanted about five months of baseball which with the salaries they obtain would have given them a pretty comfortable bit of change during the summer.

PURCHASE OF SHORT FIELDER MEETS APPROVAL

Fans Generally Express Great Satisfaction at the Deal.

The purchase of Johnny Lindsay for shortstop of the local ball team next season is probably one of the most popular among the many popular moves made by Owner Claude H. Varnell and Manager John C. Hendricks since they gained control of the Fort Wayne franchise.

Men who patronize the game regularly and who have seen him work day after day at the local lot know that he can cover all the ground that is necessary and know that he has always been heart and soul in every game he played before a Fort Wayne audience. Although he is a weak hitter he can deliver a bunt or sometimes a bingle in a pinch and one time at least he lammed out a home run that won a game here in a pennant fight with Terre Haute.

With the score tied in the ninth, two men down and Lindsay at the bat Frank "Mum" Warrander, who was then at the head of the Tot bunch and who was making an awful fight for the flag figured that he had a good showing to win. The infielders moved in a bit, expecting that he would loop one over the infielders and this proved the wrong move as he smashed the ball to deep center and set sail around the bags. He hit the ground just in time to beat the throw to the plate and won the game.

A collection that followed netted him about $50 and it would probably have been more but for the fact that as soon as he crossed the pan the crowd began to leave. Lindsay has located at Canton and if the dope that has been handed out on him is correct he is a married man and has been working in an iron mill where he pulls down a daily stipend of $4.50 per day as his rake off for doing some skilled work with long rolls of writhing hot metal.

He has not gone back any in his work as shown by the fact that although he hit way down, Pittsburg though well enough of him to draft him. There has some doubt arisen in the minds of local patrons as to whether or not the man signed is the same who helped Bade Myers win a couple of pennants. It is, however, the same old Jack Lindsay and he will be here for spring practice with the other players in April.

Fort Wayne has a most promising lot of infield timber in Lindsay, McDermott, Frankie Donahue and Pete King. In event Donahue is not in shape to get into the game next season his place can be filled nicely. He is counted on to play second base and working with Lindsay the double play proposition will be well taken care of as both are fast and able to cover a lot of ground.

"BILLY" SUNDAY TO LEND AID.

Evangelist Will Do His Share in Helping Out Old Captain.

Spokane, Jan. 20.—When news reached Evangelist "Billy" Sunday that "Cap" Anson was in need of help and that there was a movement on foot among the baseball men of the country to help him, Sunday said he would do his part if such a collection was started. The collection will not be taken at one of the revival meetings, but will be in the form of a personal donation from Sunday. When interviewed Sunday said: "Just say that 'Billy' Sunday hasn't gone back on any of the boys who need help, that's in my power to render. Anson's being a saloon man will not prevent me helping my old captain in time of need."

STILL LOOKING FOR MORTON.

Search for Missing Baseball Man Has Revealed Few Clews.

Cleveland, O., Jan. 20.—The search for ex-President Morton of the Ohio and Pennsylvania league is going on diligently, but so far the police have been unable to locate him. Chief Kohler said that Morton was seen going to Crestline, Ohio, January 12, but since then no traces of him had been found. On the way from this city to Crestline last Tuesday Morton confided jokingly to a friend he met on the train that he was wearing a wig. The police in sending out descriptions of him had laid heavy stress on the fact that he was very bald.

GRAND RAPIDS WILL WELCOME BOBBY LOWE

New Owner Has Not Given Out Plans for the Season Here.

[Special to The Sentinel.]

Grand Rapids, Mich., Jan. 20.—That Charles P. Brotherton, the new owner of the Grand Rapids franchise will secure Bobby Lowe to manage the team seems to be the impression he gave the local patrons during his short stay in the city during which he looked over the plant, but no positive announcement has been made on this point. However, the old manager would be welcome to the city again and with his presence here and an owner behind him who will look after the financial end of the game in the proper way Grand Rapids will be the best drawing city in the league next season.

Brotherton impresses everyone who has seen him as being a keen, hard headed business man who will manage the club in a business-like manner. He is not new to the baseball management game, having been in charge and the owner of many independent teams in Ashtabula and other Ohio towns within the last few years. Until recently he was president of the water works in that city, but he resigned and will devote all his time to the Grand Rapids baseball club in the future. After the end of the league meeting in South Bend he went to Chicago where he hopes to close some deals for new material on the Grand Rapids team. From there he will return to his home in Ashtabula and have a conference with Bobby Lowe. Lowe lives over in Beaver Falls, Pa., which is not far distant from Brotherton's home, and the pair will get together. In about a month Brotherton will come to this city. He has a number of plans up his sleeve for the improvement of conditions here.

Bert Noblett has been unable to secure his release from the local club and now that a new owner has made the purchase it is not likely that he will be allowed to go to the Rochester or any other team.

It was figured that if Grant took charge here he would cover second base and Noblett could be disposed of as a nice sum can be realized for his release, but with Bobby Lowe back there is not a chance in a hundred that he will let his second baseman go.

The club is in need of a first baseman and it is reported that the new owner went to Chicago from South Bend on a still hunt for some talent. Murphy is still under reserve, but he does not look fast enough for Central league company.

ORDER REGARDING POST-CARDS.

"Cards bearing particles of glass, metal, mica, sand, tinsel, or other similar substances are unmailable, except when inclosed in envelopes tightly sealed to prevent the escape of such particles, or when treated in such manner as will prevent the objectionable substances from being rubbed off or injuring persons handling the mails."

Cards mailed as above in envelopes are chargeable with postage at the letter rate, 2c for each ounce or fraction thereof. Stamps to be affixed on envelope and not on card.

Drop by drop the offensive discharge caused by Nasal Catarrh falls from the back of the nose into the throat, setting up an inflammation that is likely to mean Chronic Bronchitis. The most satisfactory remedy for Catarrh is Ely's Cream Balm, and the relief that follows even the first application cannot be told in words. Don't suffer a day longer from the discomfort of Nasal Catarrh. Cream Balm is sold by all druggists for 50 cents, or mailed by Ely Bros., 56 Warren Street, New York.

BASKET BALL GAMES TO BE STARTED TOMORROW

Players Will Meet for the Final Arrangements for Opening.

A meeting of all the players of the Fort Wayne Basketball league will be held at Saengerbund hall tonight for the purpose of completing the details for the opening of the season tomorrow night. Some matters of importance will come up at the meeting and for that reason a full attendance is anticipated.

The clubs are in good trim for the opening as all have been working hard for weeks to get into shape for the first games and the quality of the play will be up to an excellent standard according to the reports from the club managers.

There has already been an encouraging advance sale of tickets for the opening games and the fact that four of the strongest teams in the organization will go on for the initial card has attracted a great number of people who have been watching the sport during the winter months.

Saengerbund hall is especially well adapted for the games as there is plenty of floor and seating space and the best care can be taken of the patrons of the game and a good view of the play will be afforded from all parts of the hall.

The players in Fort Wayne are not new to the game as many of them have been at it for several years and although there has been no organization of the teams the sport has been kept alive here for the sake of the amusement and exercise it supplied the players.

The games will be called at 8 o'clock and there will be two of them of 20-minute halves between clubs composed of the best basketball talent in the city.

SCHOOL BOYS WIN GAMES.

The Brothers' High School and the Maroon bowling teams met at the Library hall alleys last night and the Brothers' School team defeated their opponents three straight games. The same teams will meet next Tuesday evening.

John Koester, of the Maroons, succeeded in making the highest score which was 208.

These are the first games of the teams recently organized. The scores:

A SPRAINED ANKLE.

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected in less than one week's time, and in many cases within three days. Sold by all druggists.

BURNS WAS THE SYNDICATE.

Letter States Tommy Organized Affair in Which He Was Beaten.

San Francisco, Jan. 20.—Tommy Burns was really the Hugh D. McIntosh syndicate of Sydney. This was the story contained in a letter from Australia to a well-known sporting man here, who said that Burns was really the syndicate and that he actually promoted the affair in which he met defeat.

Sporting circles here are inclined to credit the report, as many wondered why Burns would let so big a slice of money get away from him in the match as that which was supposed to have been picked up by McIntosh.

Promoters here are in terror, fearing that the game in this state is in danger. That is the real reason that Jimmy Coffroth and others heavily interested in the sport have made efforts to induce Charley Lercari not to hold a bout this month to avoid attracting any undue notice from the state assembly. As the game is still going on at Los Angeles, Lercari has decided to proceed with his arrangements and will hold the Jimmy Murphy-Lew Powell bout January 29.

Story Corner for Base Ball Fans

At the daily meeting of the Cincinnati Fan club there was some talk about infielders, and the name of Germany Schaefer, the comedian of the Detroit Tigers, reminded Manager Griffin of a good one he put over on that funny man. Schaefer was very fond of kidding Griff, especially when the latter was in the box. One day at the Highlanders' yard Griff was pitching, and there came a time when the bases were full of Tigers, with two men out and Schaefer coming up to bat.

"Well, here is some real berry pie right fresh from the bakery," remarked the German one as he swaggered up to the plate swinging his big stick. "Things have been breaking pretty good for me today. Of course, if they had a pitcher in the box I might have to go some, but this is too easy. Get a new ball ready, Griff. This one is going on quite a journey."

Griff served up a couple of curves that Schaefer fouled off, and before he knew it the count was three and two.

"Dutch, I'll bet you a fiver that I strike you out," sung out the pitcher, who always had his nerve with him for one thing.

Germany went crazy at this taunt. Stepping on to the plate he yelled out: "Stop the game! I want to record this bet. Here's an insane man offering even money on a 1-to-10 shot."

He let everybody know all about the wager before he took his place in the batter's box, for he was absolutely sure of hitting the ball. He figured that Griff would try to fool him with a curve, but the foxy one crossed him and sent him a fast one right over the heart of the pan. Germany wasn't set for that kind of a ball and he did not swing accurately. His bat tipped the ball, but the catcher held it and the Dutchman was set down on strikes amid the howls of the crowd. He didn't know which way to turn to go back to the bench, and for once the laugh was on the funmaker, who has not yet settled the bet.

"At that," said Griffith, "Schaefer is a great man for a ball club. There are better mechanical players, but none who try harder to win or who have more pepper on tap all the time. He is always after the other side trying to get some one up in the air, and he never overlooks an opportunity. His example is a big help to his team."

* * *

During an American league series in New York last season Tim Hurst and Jim Delehanty got into a little argument that Tim has never forgotten.

Delehanty was at the bat and had two strikes and two balls on him when Chesbro sent up a fast one that Catcher Kleinow thought was a strike. Tim thought otherwise and called it a ball, making the count stand two and three on Delehanty.

"On the square, Tim, I don't see how you could miss that one; it was straight and fast and right over the heart," said Kleinow.

"It didn't look good to me," responded Tim; "the ball was wide of the plate; in fact, I'm so positive that it wasn't a strike that I'll leave the argument to Delehanty."

Imagine Tim's feelings when Delehanty responded: "You were wrong. The ball was right over the heart of the plate. If you couldn't see that one right you must be blind."

Of course Kleinow laughed with much glee over the reply, while Tim simply boiled over with indignation and for a moment was speechless, but he finally came back strong and won out.

"Well, if I missed that one according to your way of thinking, Mr. Delehanty, I'd advise you to strike at the next one if it's within a foot of the plate, as I certainly don't intend to miss any more on you." How good the next ball really was no one but the trio knows, but it's history that Delehanty was struck out.

Are All Advertised Medicines Fakes?

As well ask "Are all doctors quacks?" or "Are all lawyers shysters?" We all know there are ignorant quacks; does that prevent anyone calling in his good, old family physician in case of need and trusting him? There are shysters, but there are also honorable lawyers to whom we confidently trust our lives and fortunes.

There are fake medicines advertised; but they are not fakes because they are advertised. A good thing is worth advertising; we all want to know about it. The more a bad thing is advertised, the worse for it in the end.

Lydia E. Pinkham's Vegetable Compound is no fake; yet it is advertised, it advertises itself; and those who have used it are its best advertisers, and that free of cost.

Lydia E. Pinkham's Vegetable Compound has proved its merit by more than thirty years general use. This simple, old-fashioned remedy, made from roots and herbs, has become the standard medicine for ailments peculiar to women,—its fame is world-wide.

Read this plain, honest statement of what the medicine did for one woman; her own words; if you doubt, write and ask her.

Chester, Ark.—"I used to think I had no use for patent medicines and would not read the advertisements. I think now if I had I would have taken Lydia E. Pinkham's Vegetable Compound and saved myself years of suffering. I had suffered from female troubles for twenty years, and when Change of Life came I grew worse. I got so nervous I could not sleep nights and could hardly get around—I suffered agonies.

"Lydia E. Pinkham's Vegetable Compound was recommended and it helped me so much that I continued its use, and I am so well that I feel like a different person. My advice to all suffering women is to try Lydia E. Pinkham's Vegetable Compound."—Mrs. Ella Wood.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters—they tell the truth, else they could not have been obtained for love or money. This medicine is no plausible stranger—it has stood the test of years.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

TAFT SAYS SOME PRETTY THINGS TO GIRLS OF SOUTH

Tells Augusta Young Ladies They Tempt Northern Men Over Lines.

Augusta, Ga., Jan. 20.—What might be considered an entirely new point of attack on the "solid south" was made yesterday by the president-elect when he put in a good word for the warmth and ardor of northern men "who know a good thing when they see it" in the charm and beauty of southern young women. This lighter vein of Mr. Taft's humor was given vent before what he termed "a bouquet of bright and charming faces," the students of Tubman High School for Girls. The songs of the class to which he listened preceding his brief talk he declared had carried him off in enjoyable fancy, and his introduction to speak was "a rude awakening."

The charming appearance of the student body, he said, impressed itself on him as an entirely new and convincing argument in favor of the separation of the sexes for education. The speaker admitted his point of view had changed somewhat on the question of woman suffrage since, when 16 years old, he ardently advocated that doctrine in his graduation paper because of the admiration he had for the intelligence of ... girl members of his class in Woodward High school, Cincinnati.

Get Votes if They Wish.

When the trained and intelligent women of the country want suffrage, he predicted, they would get it, just on the very natural ground that they always get what they want. But, he remarked, in passing the subject for the discussion of matrimony, he didn't see the slightest interest in the faces of his hearers in what he was discussing.

Matrimony, he said, was not the only future to which a young woman should look; and no unsatisfactory acceptances should be made of marriage proposals simply to avoid being an old maid. The great success of many unmarried women of his acquaintance justified this assertion.

"But, of course, in the south you are not troubled as they are in Massachusetts," he continued, "where there are so many women that there is no possibility that they can all marry, and it is a real serious problem as to what shall be done with the unmarried women. Here I know that the situation is different.

"But, my dear young ladies," the speaker remarked, "I did not come here to make a prepared address. I came here trusting to the inspiration of the moment for what your bright eyes and pretty faces and your charming presence might bring out of me. I trust I am not too old yet to yield to the charm of beauty, and that is one to which even a northern man may be awakened. I know there is a theory that we are all cold in the north, but I assure you it is not true.

Good Word for the North.

"I remember while once in Nashville of making inquiry regarding a great many families there, and I found that immediately after the war there were a great many northern officers who exercised admirable taste, and who found young ladies of beauty and charm, formerly on the other side, who were willing, or who at least were induced, whether willing or not, to become the wives of northern men, so that it might not be the worst lot should your fate ever carry you north of Mason and Dixon's line, for we know a good thing when we see it."

Mr. Taft thn went to Hains Normal and Industrial Institute for Negroes, where he delivered an address on the benefits of industrial education.

Captain Thomas Allen, of Chicago, has been added to the board of engineers which is to accompany Mr. Taft to Panama.

HER MOTHER-IN-LAW
Proved a Wise, Good Friend.

A young woman out in Ia. found a wise, good friend in her mother-in-law, jokes notwithstanding. She writes:

"It is two years since we began using Postum in our house. I was greatly troubled with my stomach, complexion was blotchy and yellow. After meals I often suffered sharp pains and would have to lie down. My mother often told me it was the coffee I drank at meals. But when I'd quit coffee I'd have a severe headache.

"While visiting my mother-in-law I remarked that she always made such good coffee, and asked her to tell me how. She laughed and told me it was easy to make good 'coffee' when you use Postum.

"I began to use Postum as soon as I got home, and now we have the same good 'coffee' (Postum) every day, and I have no more trouble. Indigestion is a thing of the past, and my complexion has cleared up beautifully.

"My grandmother suffered a great deal with her stomach. Her doctor told her to leave off coffee. She then took tea but that was just as bad.

"She finally was induced to try Postum which she has used for over a year. She traveled during the winter over the greater part of Iowa, visiting, something she had not been able to do for years. She says she owes her present good health to Postum."

Name given by Postum Co. Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason."

WORST AFFLICTIONS OF KIDNEYS AND BLADDER OVERCOME

Trouble Readily Relieved by Simple Home Mixture at Small Cost.

To make up enough of the "Dandelion treatment," which is claimed to be relieving nearly every sufferer who uses it for backache, kidney complaint, sore weak bladder and rheumatism, get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon and three ounces Compound Syrup of Sarsaparilla. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

Those who have tried it claim that it acts gently but thoroughly on the kidneys, relieving backache and bladder trouble and urinary difficulties before you realize it. Many cases of rheumatism are known to have been relieved within a few days, the pain and swelling diminishing with each dose.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after awhile.

IN THE THEATERS

The attraction at the Majestic tonight will be Miss Marie Doro in a new comedy, "The Richest Girl," by Gavault and Morton. Miss Doro appears under the direction of Charles Frohman. Last season Miss Doro won many admirers in her first appearance in this city. Her play then was "The Morals of Marcus," Miss Doro has scored a success in her new play and for her present tour she is supported by Orrin Johnson, a popular and polished actor who plays Paul Normand, the leading male role, and by Louis Massen, Frank Burbeck, Fred Eric, Fred L. Tiden, Anne Meredith, Desmond Kelley and Elsie Maxwell. The stage settings will be on a par with the Frohman standard of excellence in every respect.

* * *

The cast of "The Royal Chef," which will be seen at the Majestic tomorrow matinee and evening performances, is headed by William H. Conley, a comedian of quiet methods and pleasing personalities. Miss Mary Malatesta is the Princess Teto of this season's production. She is a comedienne of great charm and beauty. The balance of the cast includes Lambert Carter, Walter B. Smith, Donald McKenie, Karl Stall, Juna Curtis, Wilma Norella and others of the original cast. A feature retained since the opening is the famous whirlwind "broilers" and a large chorus of singers and dancers, richly costumed, is not the least attractive in the ensemble numbers.

* * *

Otis Skinner's organization this season is of unusually fine artistic calibre. It has always been the policy of this brilliant actor to surround himself with the best available histrionism that can be secured. Percy Haswell, his leading woman in his new play, was induced to relinquish the stellar ranks to appear with him in a role of most exacting and complex nature. Her conspicuous success in "The Darling of the Gods" and "A Royal Family" are achievements familiar to all habitual playgoers. Francis Carlyle is well known as a handsome and magnetic actor in roles requiring picturesque and powerful treatment. Albert Garcia Andrews was for fifteen years the character comedian with Richard Mansfield in his great successes. Actors like these are sure to give Otis Skinner the needful auxiliary uplift, and the mere mention of the names of Joseph Wheelock, sr., Alfred Hudson, jr., Harry Burkhardt, Harry Barfoot, Russell Crawford, Walter Scott and Sarah Padden presages a performance worth seeing.

At the Lyric.

"The Lost Wife," the Lyric Stock company's offering this week, is proving one of the most popular bills presented at the Lyric. The story is one calculated to appeal to most people and the members of the company have not appeared to better advantage in any previous production. Miss Barchus, the new leading woman, is given fine opportunities in the piece to show her powers and judging by the manner in which she has been received she has more than made good. Mr. Jossey, Mr. Cotton, Mr. Raymond and Mr. Berry, as usual, sustain their parts well and Mr. Joyner has a good part in Capt. Fressider. Miss Hampton, Miss LaForce and Miss Potter, in various women roles, are not overlooking any chances afforded them for some clever work and are commanding their share of attention. Miss Stella Greek, of this city, who has frequently appeared in public in recitations, takes the part of a little boy.

There has recently been completed at Great Falls, Mont., a huge brick chimney for carrying away the fumes of the smelting works, which will take rank as one of the tallest structures in the world. It is 78½ feet in outside diameter at the base and 53 feet 9 inches at the top. It extends 506 feet above the ground and 528½ feet above its lowest foundation course. Its total weight is 24,964 tons.

DEMENTED MAN SEEKS TO MURDER THE PRESIDENT

Lunatic Thinks He Has a Divine Mission to Slay Ruler.

Washington, Jan. 20.—Charles N. P. Evans, 36 years old, 906 Seventh street, southeast, was arrested in the house subway yesterday while hunting for President Roosevelt, whom he said he must kill.

Evans, who is a paper hanger by trade, is a victim of religious insanity, it is said, and says he is impelled to kill the president from religious motives. He was searched in the office of the capitol police, but no weapons were found upon him. He was taken to the sixth precinct police station.

According to the rambling story Evans told the police he has been studying the scriptures since he was 12 years old. He has discovered that the president is Cain and he finds that the "mark of the beast is on Roosevelt's forehead" and that the numbers of the beast as given in the Book of Revelations spell Roosevelt.

Evans says God has instructed him to go all the way and He would be with him. He says he is like Daniel in the lions' den, and nothing can harm him. He can put his hand in fire and not be burned. He can scratch all over broken glass and no injury will result. He is ready to give up his life in execution of God's will. He also says his son is Abel on earth, and that is why he feels called upon to carry out God's will and kill Cain.

Monday night he rode in a hack all over town hunting for Cain. Finally he was taken to an Advent church by the driver, where Evans says he discovered that it was the City of Babel, and that if he had stayed there longer he would have become crazy.

Evans has five sons, the oldest 14 years old. His wife is ill.

NEW BOWLING RECORD.

Columbus, O., Jan. 20.—The Krollman bowling team, of Cincinnati, rolling in the Ohio state tournament, early today made a new world's record for three games in tournament competition. They totalled 2,931 pins. This is four pins better than the record of the champion Bonds at Cincinnati last year.

FOR AGED PEOPLE

Old Folks Should Be Careful in Their Selection of Regulative Medicine.

With advanced age comes inactive bowel movement and sluggish liver. Nature is unable to perform her proper functions and requires assistance. Otherwise, there is constant suffering from constipation and its attendant evils. Old folks should never use physic that is harsh and irritating.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorder. We are so certain that it will cure these complaints and give absolute satisfaction in every particular that we offer them with our personal guarantee that they shall cost the user nothing if they fail to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies have a soothing, healing, strengthening, tonic and regulative action upon the dry, relax muscular coat of the bowel. They produce a natural, successive contraction and relaxation of the muscular fibres of the bowel walls, generating a wave-like motion which forces their contents onward and outward; thus simulating nature in perfect bowel movement. They also remove all irritation, dryness, soreness and weakness. They tone up and strengthen the nerves and muscles and restore the bowels and associate organs to more vigorous and healthy activity. They may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhea, excessive looseness, flatulence or other disagreeable effect. Try Rexall Orderlies on our guarantee. 36 tablets 25c, and 12 tablets 10c. Meyer Bros. Co., Three Drug Stores.

S.S.S. CURES OLD SORES

We want to show you in this short, but honest and reasonable talk, how and why S. S. S. cures Old Sores. We do not claim that S. S. S. works wonders, but we do know it will cure sores and ulcers, and its record of forty years past abundantly justifies this confidence.

Any old sore shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it of unhealthy matter from the circulation. In various ways the blood becomes contaminated and polluted. A long spell of fever, or other sickness, breeds disease germs in the system; the failure of nature's eliminative members to remove the waste and refuse matters of the body, the excessive use of minerals in certain diseases, infected wounds, bites and stings of insects, etc., all contaminate the blood with morbid matter and germs which sooner or later manifest their presence by a sore or ulcer which refuses to heal under the ordinary treatment of local applications.

External treatment can never cure a chronic sore or ulcer, because it does not reach the blood. The place will remain open as long as it is used as a drainage for the impurity which is in the blood, and in addition to the worry and anxiety caused by an old sore, there is always danger of its becoming cancerous, if a cure is not effected. Purify the blood, and nourish the flesh with a rich, healthy circulation, and then the place will heal of its own accord.

BAD SORE FROM AN OLD WOUND.

"I want to recommend S. S. S. to any who are in need of a blood purifier, and especially as a remedy for sores and obstinate ulcers. In 1877 I had my leg badly cut on the sharp edge of a barrel and having on a blue woolen stocking, the place was badly poisoned from the dye. A great sore formed and for years no one knows what I suffered with the place. I tried, it seemed to me, everything I had ever heard of but I got no relief and I thought I would have to go through life with an angry, discharging sore on my leg. At last I began the use of S. S. S., and it was but a short time until I saw that the place was improving. I continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore.

259 Navy St., Brooklyn, N. Y. JNO. ELLIS.

A CANCEROUS ULCER.

I had a large sore or ulcer on my face and nothing I tried would benefit me. It began with shooting pains and soon the itching was terrible. At first it discharged a watery fluid which soon changed to one of thicker composition and the pain became very severe. It was nearly as large as a dollar and terribly inflamed in all the surrounding parts. It had been there so long and growing worse all the time, I became very much discouraged and alarmed. At last I began the use of S. S. S. At first the ulcer seemed to get worse, but I soon found that the poison was being removed from the blood and I continued to take S. S. S. It was not long before I noted a decided improvement and I kept up the use of the medicine until I was entirely cured of this cancerous ulcer. This has been some time ago and there is no sign of a return of the trouble.

Gary, Fla. MRS. W. A. WRIGHT.

POISONED FROM INSECT BITE.

Wilmington, N. C.

From the bite of an insect I was poisoned and had a dreadful sore on my ankle and took different treatments with no benefit. I was induced to try S. S. S., and after a few bottles it cleared my system and cleansed my blood and cured the sore. My mother took it for rheumatism, with success. I cheerfully recommend S. S. S. where a blood purifier is needed.

109 South First St. CHAS. S. PRIDGEN.

S. S. S. cures old sores by removing the causes which produce them. It goes down into the circulation, drives out all impurities and poisons, and by nourishing the flesh with rich, pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but, being the greatest of all blood purifiers, it begins at the bottom and by rebuilding broken down tissue, and supplying healthful, healing qualities to the circulation, causes the place to fill in with firm, healthy flesh, while it steadily but surely removes the cause and effects a permanent cure. The sore cannot remain when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.

S. S. S. is for sale at all drug stores.

NOW COUNTY SURVEYOR.

Robert Blickensderfer Again Actively at Work.

Robert Blickensderfer, who was president and general manager of the Wheeling and Lake Erie railroad when that property passed under control of George J. Gould, is now surveyor of Laclede county, Missouri, and is busy directing the work of building bridges, new roads and ditches in the territory over which he has jurisdiction. Mr. Blickensderfer began his business career as a surveyor on a projected railroad and kept at railroad work until he became the head of the official roster of a big system. When he retired from the W. & L. E. he removed to Missouri, on a 1,500 tract of land which he had owned for some time, and tiring of farming he ran for office and was elected. Mr. Blickensderfer's son was assistant medical examiner for the Pennsylvania Voluntary Relief association at this point for awhile, eight or ten years ago, and the father made a number of visits here to see his boy. He became quite well acquainted with the Pennsylvania depot attaches.

MAY CHANGE ROUTE.

Grain for Europe Going Via Pacific Ocean.

Under the new transpacific tariffs recently filed by the Canadian Pacific a cargo of grain is now en route to Liverpool. It was loaded last week in Pacific coast steamers and has been sent as a test to see if under the present tariffs of the road grain from the Pacific Coast can be shipped cheaper to European points from Cape Horn than by the overland route to the Atlantic and thence to destination by steamers. Should this test prove successful it may have an important effect on the traffic of the trans-continental roads by leading to a great diversion of eastbound overland freight to the Pacific Coast. In that case it is stated that the Canadian Pacific would have a great advantage over the American roads which have refused to file through transpacific tariffs.

FAREWELL BANQUET FOR NEWMAN.

Vice presidents of the various lines included in the New York Central system have completed arrangements for a farewell dinner to be given January 30, at the Metropolitan club, of New York city, in honor of President W. H. Newman, who retires February 1. President Newman handed in his resignation some weeks ago, but he will remain a director and a member of the executive board.

W. C. Brown, who has been elected president, to succeed Mr. Newman, will attend the dinner and addresses will be delivered by both men. It is expected that the newly elected president will call a meeting of executives of the Vanderbilt roads shortly after he takes charge and outline the future policy of that system.

REMOVING STATIONARY ENGINES

The five stationary engines at the Wabash shops that were displaced by electricity are being removed and made ready for sale. They are said to be in good shape, but the company having adopted electricity as a standard of power, has no further use for them and they will be sold. The engine room in the machine shop will be fitted up, after the machinery has been removed, for an office for General Foreman Henry Eisely and his clerks, and their present quarters will become a part of the machine shop, and some new machinery will be located there.

MORE WORK FOR SHOPMEN.

Motive Power Supt. E. F. Needham, who had been spending a few days on the Buffalo division of the Wabash, spent the night and forenoon here and left at noon today for his home in Springfield. Mr. Needham said this morning that he had been able to get a larger appropriation for shop expenses for January than for the several preceding months and as a result the shopmen are getting more work this month. Chief Draughtsman G. E. Coutant and Electrical Engineer W. A. Hopkins, who were here this morning, also left for their homes on the noon train.

ELECTRICIANS HAVE GOOD TIME

The social session of the Electrotechnic club at the works on Broadway last night was more than the entertainment committee promised and was declared to be the best the participants have yet enjoyed. No lecture was given and no set program was followed, but there was no lull in the good cheer and fellowship which characterized the meeting. Will Young's orchestra was present and furnished music, while the club members and their friends talked, smoked and and towards the close of the evening partook of refreshments.

INDUSTRIAL NOTES.

F. C. Drewitt has taken employment at the Pennsylvania coal docks.

John Wallis, of the Pennsylvania machine shop, is sick and off duty.

Walter A. Barrett is in Kendallville today looking after some business for the Bass company.

Nickel Plate Conductor C. M. Bushey is taking a lay off to attend to some private matters.

Boilermaker H. W. G. Heine has nearly recovered from a week's illness and will resume work tomorrow.

F. J. Sossenheimer quit his job at the Wabash machine shop this morning and will seek work elsewhere.

Passenger engine 615 will be turned out of the Wabash shops tomorrow, having been generally repaired.

Frank Doyle, who came from New York state recently, has taken employment as a brakeman on the Nickel Plate.

George Robinson, a messenger at the Pennsylvania shops, has gone to Huntington to spend a few days with friends.

The Wabash paymaster was in the city this morning, distributing checks among the employes, leaving at noon for Toledo.

Nickel Plate Fireman E. Helfer has gone to the home of his folks in the vicinity of Argos to spend the balance of the week.

After a two months' service, Brakeman A. F. Schick has resigned a position on the Nickel Plate and will seek employment elsewhere.

Mrs. Mansdorfer, wife of Pipefitter W. H. Mansdorfer, of the Pennsylvania shops, has gone to the country near Richmond to visit friends a week or two.

Conductor John Heincleman and Brakeman F. E. Crance, of the Nickel Plate, have returned from a rabbit hunting expedition in the western part of the state.

J. Hoelle and Ed Reddington, boilermaker helpers, resigned positions at the Bass shops this morning, because of lack of work, and will seek employment elsewhere.

A sprinkling system for fire protection, similar to that at the Fort Wayne Electric works, will soon be installed in the offices and shops of the Kerr Murray works.

Henry Shuster, foreman of Pennsylvania shop carpenters, went to Dola, O., this morning to look after some work that is being done there for the company.

Brakeman D. H. Cary, who was summoned to Hillsdale a week ago by news of the death of an uncle, has returned to the city and reported for service on the Nickel Plate.

General Manager G. L. Peck, of the Pennsylvania, will pass through the city this evening en route to Chicago. His private car will be a part of train No. 19, which passes through the city at 4:10 o'clock.

The addition to the Eckart packing plant on West Main street has received its roof and the interior is now being pushed rapidly to completion. This addition will be used for handling tankage products.

W. H. Markand, for many years foreman of the electrical department, in charge of the Altoona machine shops, has been appointed superintendent of the labor-saving devices, a new office. The change will become effective at once.

Colonist rates to the Pacific coast countries, which will become effective in March this year, will be $5 less than the rates last year. This means that the rate will be $33 from Chicago; it was $38 last year.

The Pittsburg and Castle Shannon road, a coal line seven or eight miles long, is to be equipped for electric power, for both passenger and freight business. The road is owned by the Pittsburg Coal company.

T. R. Cook, assistant engineer of motive power of the Pennsylvania, will arrive in the city next Sunday and will leave the following day with his baby and the nurse for St. Augustine to join Mrs. Cook, who went to that place on account of her health two weeks ago.

The Baltimore and Ohio company is going to establish immense shops on the Gore farm, near Clarksburg, W. Va. When the buildings are up the Grafton shops will be abandoned and the machinery taken to the new shops.

The Nickel Plate pay car made the cash distributing trip over the western division yesterday, arriving here about 2 o'clock. William Smart and Louis F. Merillat, the former caller of train crews and the latter caller of engine crews, accompanied the train as identification clerks.

Master Mechanic W. G. Black, of the Nickel Plate, was in the city several hours yesterday afternoon, looking after affairs connected with the department he represents. Mr. Black says that he and his family are pleased with their situation at Stony Island, though they miss the association of their friends in Fort Wayne.

H. M. Mounts and R. C. Kennedy, of the passenger department of the Lake Erie and Western, were in the city yesterday, consulting some of the business men and travelers relative to a proposition to improve the train service between Fort Wayne and Indianapolis. The visit may result in a new train metween the terminals mentioned.

Arthur Schweir, of this city, was slightly injured about the head yesterday morning by being thrown out of his seat in a car on the C., B. & C. road a short distance south of Huntington. The train had broken in two and in running back to get the detached cars, the engine struck them with force enough to throw Mr. Schweir and others down.

Thomas Goudy and Charles Stolte, boilermakers in the employ of the Bass company, have returned from Emporium, Pa., where they were engaged several weeks in erecting some powder making apparatus for the Du Pont Powder company. Their work there was attended by some unpleasant experience with the weather, it being below zero a part of the time and at other times it snowed or rained.

The Denver Times says that E. H. Harriman has ordered the engineering department of the Union Pacific to parallel at once the line of the Colorado Southern in the northern part of Colorado. A construction force of 1,000 men is being organized and will be thrown into the field, which will mean, it is stated, a renewal of the fight between Harriman and James J. Hill.

In compliance with orders from New York yesterday, the Erie shops at Huntington were closed down completely. No reason for the suspension was offered in the telegram to shut up shop and the time of resuming work was also not named. For a year or more the Erie shopmen at Huntington have not worked over half-time and many of the best workmen have left the city and taken employment elsewhere.

Oscar Gopsey, a Wabash freight fireman, has been lying in St. Elizabeth's hospital, in Lafayette, ever since last Friday, with injuries sustained through jumping from his engine near the Monon crossing, when he thought his train was going off the derail. His skull is fractured and he is unconscious and there is little prospect of his recovery. He lives in Decatur. The train did not go off the derail and Gopsey would not have been injured had he remained in the cab.

NOW MODERNLY EQUIPPED.

$3,000 Improvements on Masonic Temple Have Been Completed.

The Masonic Temple building on Clinton street is now one of the most modernly equipped in the city. There have been completed within the past few days improvements that total $3,000, consisting in the placing of fire escapes and a ventilating system above the stage, besides the installation of a stand pipe and hose and the erecting of fire doors between the stage and the auditorium. The new fire precautions make the building a most safe one and the theater itself is greatly improved.

The 2½-year-old son of Mr. and Mrs. William Gerber sustained a fracture of the collar-bone by a fall from the lap of an uncle with whom the little one was at play. The accident occurred at the home of William Busse, 2806 Force street.

OTIS SKINNER THIRTY YEARS AGO.

Louis S. C. Schroeder Has Souvenir Program of Famous Actor's Appearance at Niblo's Garden, New York, in 1879, in "Enchantment."

In connection with the coming of Otis Skinner, who appears at the Majestic theater Saturday evening in "The Honor of the Family," Louis S. C. Schroeder, of this city, has produced from among his keepsakes a souvenir program of the now famous actor's appearance nearly thirty years ago.

It was at Niblo's Garden, New York, and the occasion was the one hundredth performance of Kiralfy Brothers' grand operatic fairy spectacle, "Enchantment," given on Tuesday evening, November 25, 1879. Mr. Skinner appeared as Maclow, the beggar of the mountain, along with a company of players eminent in their time, but now almost forgotten. Niblo's Garden was advertised as "the most magnificent theater in the United States," and in the cast was a long array of premiere danseuses and specialty artists, and the scenery of the spectacle was by Voegtlin, whose name became still more famous in later years for his scenic conceptions.

The program is about 8x10 inches in size, beautifully printed on red silk, and has been carefully preserved by Mr. Schroeder, who values it highly.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Jan. 20.—Extremely light receipts in the northwest offset the effect of lower cables and caused moderate strength in the wheat market here today. Arrivals today at Minneapolis and Duluth were only 144 cars, compared with 341 cars the corresponding day a year ago. Several prominent commission houses were the leading buyers. The market was barely steady at the start with prices a shade higher to ⅛c lower. May opened at $1.06⅞@1.07 and soon advanced to $1.07⅝. Minneapolis, Duluth and Chicago reported receipts of 147 cars.

The wheat market was nervous during the last half of the day, especially for the May delivery which fluctuated over a one cent range. The high point for May was reached at $1.07@1.07⅛. The market closed strong with May up ⅝@¾c at $1.07⅝@1.07⅝.

Despite the fact that local receipts of corn were much larger than had been estimated, the market was firm early in the session, owing to active demand by local shorts. May opened unchanged to a shade higher at 61½c to 61⅝@61⅝c and advanced to 61¾c. Receipts were 370 cars.

A firm tone prevailed the greater part of the day and the market closed firm with prices at the top, May corn being up ⅝c at 61⅞c.

Oats were quiet and steady, the firmness of wheat and corn being the chief factor. May opened a shade higher at 51⅝c and sold at 51⅞c.

Provisions opened easy, owing to liberal receipts of live hogs, but rallied a trifle on buying by some of yesterday's sellers. Prices at the start were 2½@5c higher to 5@7½c lower.

OIL.

Toledo Market.

Toledo, O., Jan. 20.—North Lima, $1.04; South Lima and Indiana, 98c.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Jan. 20.—Opening prices of stocks were higher, but the gains were small with a few exceptions. New York Central and American Cotton Oil rose 1 point, and Kansas City Southern, Wisconsin Central and Peoples Gas large fractions. Amalgamated Copper fell ⅝. The dealings were in moderate volume.

Fractional advances were made to the opening gains in the active stocks and there was a good inquiry for Norfolk & Western and other minor stocks that have been conspicuous recently in the dealings. Bull operators had difficulty in holding the market on the advance. There was a new outbreak of weakness in Interborough Metropolitan preferred, which lowered it 2 points and affected the other tractions. Amalgamated Copper also acted as a damper on the market, fresh liquidations depressing it a point.

The market fell into neglect as has become usual after the first hour. Interborough Metropolitan preferred recovered its loss and Norfolk & Western reacted 1 point. Erie first preferred rose 1⅝, Westinghouse Electric 2, Western Union 1⅝, and Chesapeake & Ohio 1 point. Chicago Great Western, the preferred B, Wisconsin Central preferred and National Biscuit declined 1 point. Bonds were irregular.

Traction stocks were the most actively dealt in, the support around mid-day for Interborough Metropolitan preferred raising it nearly a point above yesterday's final figures, and the 4 and 4½ per cent bonds 1¾. Northern Pacific, Third Avenue and Colorado & Southern first preferred also advanced 1, and Philadelphia Rapid Transit 1¼. Chicago Great Western preferred rose 3 points in contrast to the weakness of the other issues. Adams Express sold at 190, compared with 173 last July.

A further rise to 62½ in Chesapeake & Ohio and a gain of a point in Kansas & Texas, Illinois Central and Colorado Fuel were the only features of interest in the mid-afternoon market. Union Pacific and some of the other active stocks were heavy at 2 o'clock.

The market closed heavy and very dull. Amalgamated Copper fell to 1½ points below last night and Brooklyn Transit 1 and New Haven a point. A rally succeeded, but did not go far.

THE MONEY MARKET.

New York, Jan. 20.—Money on call, easy, at 1¾@2%; ruling rate, 1¾%; closing bid, 1¾%; offered at 2%.

Time loans, dull and firm; sixty days, 2¼@2½%; ninety days, 2¼@3%; six months, 3@3¼%.

Prime mercantile paper, 3½@4%.

Sterling exchange, easy, with actual business in bankers' bills at 484.85@484.05 for sixty day bolls, and at 487.40 for demand. Commercial bills, 484½@484¾.

Bar silver, 52; Mexican dollars, 44.

Government bonds, firmer; railroad bonds, irregular.

LOCAL MARKET EPITOME.

The insistency with which the demands for produce goods in the markets in this city have kept up for the past three weeks has caused a good many of those familiar with the markets to conjure over the reasons therefor and the general opinion is that should the demands in the eastern markets slacken up, Fort Wayne prices would go down along with the demands. There are at present a good many buyers on the local markets for eastern concerns and it is the demands in that part of the country that are enabling the Allen county farmers to reap their harvests such as they have been doing for the past month.

Wednesday's demands were pretty well satisfied by the holders with no change in the quotations. The demands for eggs are just steady, this article being one of the few that are not being sought for in the east. Poultry and butter come in for most of the eastern inquiry. Eggs went today at 28@29c per dozen.

While there has been a good demand on the apple market, it let up somewhat today as the prices are too high for general consumption, holders of large quantities now obtaining $4.75@5.25 per barrel. Potatoes today went at 75@78c per bushel, the demand being just steady, although sufficient to clean up the receipts. Onions are meeting with a steady inquiry at 50c per bushel.

Said G. H. Crouse, of the commission house of G. H. Crouse & Co., this morning: "Receipts tomorrow are very likely to be heavy and there will be no let up by the buyers. Prices will also run along the same plane, but everybody will be satisfied."

Millers are not getting in enough wheat receipts and they boosted the local prices to $1.06 per bushel today. The Chicago markets have also raised and this partly prompted the local change.

CITY BREVITIES.

Miss Celeste Pitgen, of 335 Baker street, is suffering from a case of diphtheria and the family residence has been placed under quarantine.

A. Mohr arrived in the city yesterday from Cleveland as the representative of Architect Frank Meade, who drew the plans for the new Shoaff building.

Trustee Branning, of Wayne township, yesterday sent "Gid" Rayhouser, a man aged seventy-eight years and an old printer, to the Lutheran hospital, as he could not be cared for in his home at 1126 Broadway.

Plans for the new English Lutheran church of the Redeemer that is being contemplated by that congregation are being drawn by five architects in the city. It is not likely that a final choice from among the various plans will be made until the latter part of March. It is expected that the building will be erected during the summer months.

Announcement Extraordinary!

A Bit of Lace History

The American people have long been content to buy their laces in Europe; because until very recently Europe has been the only place where beautiful, fine, dainty laces could be had—and we are paying 60 per cent duty for the privilege!

But the American genius got busy one day, and John Alexander Dowey, founder of Zion City, and Elijah III fame, conceived the immense idea of establishing the lace industry in America. He imported the first lace makers to this country, along with their best lace machinery, and founded the industry which has subsequently meant the saving of millions of dollars' duty to the purchasing public of the United States.

Of Dowie's financial downfall everyone knows. It led to the formation of the American Lace Manufacturing Company, at Elyria, Ohio, whose product is as beautiful as any of the old country laces.

In this plant all the the different processes are carried on under one roof; the yarn, or thread only having to be imported from abroad. The spinning, the bleaching, the designing and drafting, and finally the weaving are all done by skilled laborers—(some brought from England, others trained American workers)—under the supervision and control of one organization.

We wish we could take you step by step through the different processes of lace weaving—'tis an interesting story, but space forbids. But in our east window is an instructive exhibit of the American Lace Company's product. It is the real product of American ingenuity and skill—the kind of enterprise and industry that ought to make every loyal American feel immensely proud.

A Three Days' Lace Sale
German and French Vals at 5c a Yard!

In the "Bit of Lace History" just opposite we have told you about the American Lace Company—how the enormous 60 per cent duty is saved on imported laces. Now for our part of the business

WE ARE EXCLUSIVE AGENTS IN FORT WAYNE

For the product of this American Lace Company. The first shipment of these beautiful laces is just in, and we have arranged for a gigantic

Three Days' Sale—Friday, Saturday and Monday

There are beautiful new spring patterns in German, French and filet meshes—insertions and edgings to match in white, cream and ecru. We've not graded the prices according to width, but have made one price

- - - 5c a Yard - - -

If bought the regular way, through importers, these laces would sell at 10c, 12c, 15c, 18c, 20c and 25c a yard. You can readily see how the "no duty" affects the price. The laces themselves are just as dainty, just as beautiful as those made in foreign countries and brought to our shores with the heavy duty attached.

Now is the time when laces mean something to every woman, because, aside from her shopping, she has the leisure to stay at home and fashion these exquisite laces into beautiful lingerie, frocks and children's dresses for summer. Remember they're all 5c a yard, no matter what the width. It's worth a trip down town only to see our east window full of these dainty vals.

Positively None Will Be Sold Before Friday

WANT A CREDIT RATING.

Doctors Also Want to Be Protected From Bad Accounts.

The members of the Allen County Medical society, who met in regular session in the assembly room of the court house last evening, listened to a short talk by Attorney Herbert L. Somers, who aided in establishing the credit rating system now used by the members of the Merchants' association. The doctors say they want to be protected in some way from establishing bad accounts and Mr. Somers' experience along those lines enabled him to explain the workings of such a system in a very comprehensible manner.

The paper last night was read by Dr. Miles F. Porter, who spoke on the caesarian operation and his talk was supplemented with some very interesting remarks by Dr. C. E. Barnett, who but recently returned from a trip to Germany, Austria and Italy.

Cured of a Severe Attack of Bronchitis by Chamberlain's Cough Remedy.

"On October 18th, last, my little three year old daughter contracted a severe cold which resulted in a bad case of bronchitis," says Mrs. W. G. Gibson, Lexington, Ky. "She lost the power of speech completely and was a very sick child. Fortunately we had a bottle of Chamberlain's Cough Remedy in the house and gave it to her according to the printed directions. On the second day she was a great deal better, and on the fifth day, October 23rd, she was entirely well of her cold and bronchitis, which I attribute to this splendid medicine. I recommend Chamberlain's Cough Remedy unreservedly as I have found it the surest, safest and quickest cure for colds, both for children and adults, of any I have ever used." For sale by all druggists.

TEMPLE ASSOCIATION ELECTS.

Nine new directors of the Masonic Temple association were chosen at a meeting of the stockholders last evening and they are as follows: J. K. McCracken, George W. Pixley, H. W. Mordhurst, E. L. Craw, R. A. Liggett, J. H. Simonson, William Geake, C. B. Fitch and W. W. Rockhill. Immediately following their election the new directors met and organized by making William Geake president, J. H. Simonson vice president, W. W. Rockhill secretary and H. W. Mordhurst treasurer.

STOMACH TROUBLE CURED.

If you have any trouble with your stomach you should take Chamberlain's Stomach and Liver Tablets. Mr. J. P. Klote, of Edina, Mo., says: "I have used a great many different medicines for stomach trouble, but find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used." ALWAYS GROWING

In our last sworn report to the Comptroller of the Currency, it appears that the deposits in our SAVINGS DEPARTMENT amounted on the date of the report to something over $261,000. This amount has been deposited by some five or six thousand men, women and children. Are you one of them? If not, why not? A SAVINGS account is a friend in need, a friend indeed. FOUR PER CENT interest paid, and it is as safe as all the safeguards of a national bank can make it.

If its a good thing Seavey's have it

When the Kitchen Girl Becomes Weary

It's usually because her work is hard for the want of a few inexpensive conveniences. The work is done and it doesn't worry you, and that is why you overlook little things that you really ought not to overlook. Perhaps you could cheer her up with a genuine DOVER EGG BEATER which we sell for 20 cents. Another thing is a POT CLEANER, very useful and saves the finger nails more than a manicure set; 10 cents buys one at this store. Every kitchen needs these items, and when you are looking for anything new, bear in mind that "If it's a good thing, Seavey's have it."
